Having about two years ago recd. advice [from] England of the death of some relations, to whom being heir [some] small matter of land is fallen to me, but no friend since that time havs. been so kind to give any acct. thereof, or so much as to mention the matter to me, I find myself oblig'd to repair to England in [order] to make enquiry after the same myself, and the necessity for my proceeding in this matter is become the more pressing through my sufferings in the common misfortune wth. the rest of the Gentlemen lately driven from the West Coast, whereby I lost most part of that little wch. a continuance of almost five years in the Honble. Companys service as Factor had render'd me possessor of; I therefore humbly request yor. Honr. &cts. permission to lay down the Honble. TO THE HONBLE. JOSEPH COLLET ESQR.
PRESIDENT & GOVERNR. OF FORT Sr. GEORGE &Cr. COUNCIL.

HONBLE. SR. &Ct.

Your Honr. &ce. having been pleas'd [to order me] to reply to the 2d. paragraph of the President and Councill of [Bengalls] letter to you dated the 5th. ulte. in order to vindicate my self [from the] aspersions cast upon me by them, and particularly to [that of] my lavish management in the expences of the ship, I beg to offer the following reasons for my Justification.

So soon as ever the ship was order'd to [be re]pair'd, Capt. Jones the Master Attendant there was appointed for [the] management of the whole, and my business was only to keep account of what was sent on board for the use of the said ship, [& send] that account monthly to the Buxey there, and I assure your Honr. that I neither recd. nor paid any thing on accot. of the Charges of [ye.] ship, the wages only excepted; Thus far indeed I acknowledge [to all] concern'd, that I sent for what stores I thought there was occasion but then the Gentlemen there were at their liberty to charge wh[at they] thought fit for the same, and perhaps finding the account [was right] they were willing to ward against censure that might be pas[t on] them by answering me; To this I beg leave to add that the [greater] part of her charges is for wages paid in Bengall, during the [many] months the ship lay unemploy'd there.

To the last part of the reflection in the P[residt.] and Councils letter aforesaid about my being a very undeser[ving man] I am forbid in point of modesty to offer anything in my own [justifi]cation, but lodge my Appeal wth. yor. Honr. &ct. who were my emp[loyers] however I shall beg leave to say, that during my stay at Ben[gal I do] not know of the least affront giv'n any of the Gentlemen there by [me] and therefore I am surpriz'd to think what could be the motive to [make] them to take away the reputation of one, whose livelyhood depend[ed on] his good name.

If by all that I have already said, I ma[y] be able to convince yor. Honr. &cs. of my Innocence & integrity, it will be [a] greatest satisfaction to me that I can receive, having ever since [my] first entertainment in the Honble. Comps. service been Zealous to a[ct] myself both their and your

After a Just and faithfull discharge of sev^{ll}. Employs in the Hon^{ble}. Comp^{s}. Service for some years on the West Coast [*a few words lost*] I was obliged to act as a military s[ervant] gone through there, I requested leave of the Hon^{ble}. sustain'd, my Commission was one, but [after] my arrivall here upon my application to the Hon^ble^. Joseph Collet Esq^r^. he was pleas'd to grant me a new one for this place bearing date December the 3^d^. one thousand seven hundred and Nineteen.

I now referr it to your Hon^r^. &c^t^. whether my former Commission for Lieutenant at the West Coast does not entitle me on my return hither a superiority to any Lieutenants whose Commissions were since that time given them here, w^ch^. if yo^r^. Hon^r^. &c^t^. allow of, I am then Superiour to Lieutenants Orrill, Sutherland and Gough but if it should be determin'd that a Commission given for a subordinate Factory gives one no title here, Your Hon^r^. &c^t^. will be pleased to observe that the Commission I receiv'd for a Lieutenant of this place from the late President since my arrival gives me a precedence to Cap^t^. Gough, his former Commission being for a Subordinate Factory as well as mine ; I beleive it is easy to prove that no mans Commission that was older was ever postpon'd to a younger Officer of the same rank but that all Officers takes post, according to the first date of their Commission, except they have been turn'd out for some fault or laid down in such case they become the youngest of the same Rank, but as I find your Honour &c^t^. have been pleased to allow the superiority to Cap^t^. Gough by giving him a Company, and as you have been also pleased to appoint me youngest Lieutenant of the Garrison in the Commissions now given out, I must confess I am at a loss to know what I have done to deserve it, on the contrary I can give sufficient proof that I have discharged my duty well and faithfully ever since I have had the honour to be employd, I therefore now begg leave to lay down the Hon^ble^. ——FORT ST. GEORGE, FEBRUARY 1719–20——

The Accompt. pursuant to order delivers in a state of the Merchts. Accots. in order to enter upon a new Contract.

The Accomptant (pursuant to order of last Consultation) delivers in the state of our Merchants Accots. in order to our entrance upon a Contract wth. them forthwith (as is usuall at this dry time of the year) for a number of bales to be provided against the dispatch of our shipping for Octor. and January next ensuing, and likewise for such as may fall in here so, that we shall be obliged to dispatch them in August or September, as the Cardonnell was dispatch'd that came hither from the West Coast, & was sent home in 1716, the King William 1717, the Success 1718 the Darby (who was detain'd for want of Kentilage) in Decemr. the same year, & the Queen from the West Coast in July this last year.

What appears to be Ordd. in upon the Contract made in March & June and when the totalls brot. in what rems. due to the Merchts.

It appears by the state of the Merchants Accounts aforesaid that there are now nineteen hundred 73 bales & a half remaining to be brought in to compleat the Contracts made in March and June last, and that when those 1973½ bales are brought in, there will be due to the Right hand sett Pags. 12522 : 13 : 30 and to the Left hand sett Pags. 19676 : 16 : 14 in all Pags. 32198 : 29 : 44.

The Presidt. acquaints the board, that Mr. Jennings the Deputy Govr. has inform'd [him] what remain'd to be [brought] in at ffort St. David. Also what he computes to be at Vizagapatam, and the amot. of the whole being 4678½ wch. are all that are to come in on the last years Contract.

THE PRESIDENT thereupon (in pursuance of the Overtures which he made the last Consultation towards entring upon a new Contract) acquaints the Board, that he is advised by Mr. Jennings the Deputy Govern. of Fort St. David that when the Dawsonne is dispatch'd for England, there will be remaining to be brought in there upon the Contracts made in March & June last 1305 bales, which were 900 bales that he Computes at Vizagapatam (thô by the last advices they had but abot. 300 of them ready, & the rest can't well be expected before Septr. or Octor. next) together wth. the 1973½ to be brought in here will amount to 4678½ bales, which are all that are to come in upon all the Contracts made the last year at this place Fort St. David, & Vizagapatam.

The Presidt. acquaints the board that he beleives the aforesd. bales not sufficient for the shipping yt. that may be expected lattr. end of Janry. or Febry. next & thinks it necessry. to enter into a Contract wth. the Merchts. at the three sevll. places as will be sufficient.

The President then proceeded to acquaint ye. Board, That believing the number of bales aforesaid will not be sufficient for the dispatch of all the shipping, which are expected from Europe, and may fall upon our hands by the latter end of January or ffebruary next ensuing he thinks it highly necessary to engage in a Contract with the Merchants forthwith at this place Fort St. David and Vizagapatam for as many bales as with the 4678½ aforesaid will be sufficient for the Tonnage we expect, and for what may accidentally drop in upon us.

Upon whioh sevll. objections arose by Messrs. Elwick, Benyon, Emmerson and Turton who thot. it would be to the Comps. advantage to stay till the arrival of the Europ shipping.

Hereupon severall scruples and objections were rais'd by Messrs. Elwick, Benyon, Emmerson & Turton who declared, that they thought it would be more for the Honble. Companys Interest to deferr entring upon a Contract till the arrivall of a ship from Europe, than to sett about it immediately, on accot. of a New list for Investment wch. might probably be sent out, and some of them urg'd that the bales remaining to be brought in upon the last years Contracts would be sufficient for the dispatch of all the shipping of the ensuing year.

——FORT ST. GEORGE, FEBRUARY 1719–20——

The President then laid before the Board an account of the Tonnage that may reasonably be expected this year and the number of bales requisite for the same, w^ch^. are as follows.

The Presid^t^. lays before the board the Tonnage y^t^. may be expected y^s^. year & the Numb^r^. of bales sufficient for the same.

The Godfrey 250 Tons bales 800.

The Godfrey from the West Coast burthen about two hundred & Fifty tons, who is order'd to return hither after having reliev'd the settlement of Moco Moco, in case they can't give her a loading of pepper, w^ch^. is much to be feared, or if they should be able to put on board her a small quantity, and she should by proceeding along the Coast get a little more, and then come hither, she will nevertheless require her full lading of bales, because it will be for the Interest of our Hon^ble^. Masters to take it out, and divide it amongst the Coast & Bay ships to be dispatch'd from hence the same year, As their Tonnage will not at all be diminish'd by it, and the Commanders have agreed by their Charterpartys to carry such pepper home at half freight in consideration of that very particular advantage w^ch^. always accrues to them by its being shott loose in y^e^. hold and taking up little or no room, as its interspersed amongst the bales, and consequently is clear proffit to the Owners. The Geō. Brigant. having been sent on purpose to relieve the Godfrey, she may be [for] the foregoing reasons expected, and being a ship of 250 Tons burthen w^th^. iron Kintilage on board, she may reasonably be believ'd to require . . . Bales 800.

The Cragg Frigat [about] 400 [tons] bales 1500.

The next ship to be expected is THE CRAGGS FRIGAT about 400 Tons burthen: By a late letter from Mess^rs^. Pyke & Caulier, we are ascertain'd of her safe arrivall at Batavia, and thō they have form'd a resolution to repossess our Hon^ble^. Masters of Fort Marlbrō if possible, yet the wilderness of that project (owing to the weak condition they are in to undertake it, as having but 40 Soldiers and most of them by their own account sickly) affords us too much reason to apprehend their failure in that attempt; and in case of such a failure they have advised us in their letter aforementioned that they will come directly hither; It may be objected to this, that if They should not succeed at Fort Marlbrō, but hear of the safety of our Settlement at Moco Moco They may proceed thither, and uniting their force make a 2^d^. tryall, In answer whereto, Let it be granted, That they do hear of the safety of Moco Moco, & proceed thither; When they arrive it is probable they will find the Godfrey & George Brigantine there, and M^r^. Pyke will doubtless peruse the orders & instructions we sent by them; If so He will find that we are unwilling to enter upon an expedition, that will be so expensive to our H. Masters without their previous knowledge & Consent and consequently will be deterr'd from going about it if he considers likewise the unwarrantableness of acting in such an important affair, or in any other, without leave from this board, while he is in a station subordinate to it; These and the like reasons may determine him to stay at Moco Moco, especially when he finds our people well establish'd there, & tolerably well secured or fortify'd, and that the place is commodiously situated for the pepper trade, and productive of a large quantity; If he resolves to stay, he will doubtless detain the Geō. Brigantine (till we can send over the Metchlepatam or Young Darby to relieve her) and return the Godfrey with the Craggs Frigat to us for a speedy dispatch from hence for England, to prevent that eating article of Demorage as much as possible—These Reasons being sufficient whereupon to ground our Expedition of having the Craggs Frigat to dispatch home from hence in August or Sept. next, we compute her burthen to be about 400 Tons, and therefore think it proper to make an allowance for her Cargoes (as her Kintilage consists of iron also) of bales. . . . Bales 1500

The Ships reasonably to be expected this year as the last w^ch^. are four & the Tonnage Tons. abo^t^. 1900

The ships to be most expected next to the Godfrey & Craggs frigatt are from England, this year, in proportion to w^t^. were sent us the last year; these were 4 in number Viz^t^. The King William, the Marlbrō, the Vansittart & Townshend. The Tonnage of all w^ch^. amounted to about 1900 Tons, and if the Gentlemen in the Bay are supply'd with as much Tonnage this year as they were the last, they may probably be obliged to send us one of their ships to fill up here, as they have now done the

——FORT ST. GEORGE, FEBRUARY 1719-20——

and if the Bay are over-stock'd w^th^. ships they may be oblig'd to send one here to be filld up w^ch^. will make 2000 Tons and Bales 9000.

Dawsonne, because the Hon^ble^. Company have thought fitt to inlarge their investment very considerably, as well as ours, which will at least, if it so happen make up the expected tonnage aforem^d^. 2000 Tons w^ch^. require 9000 Bales.

Objections made by Mess^rs^. Elwick, Benyon, Emmers^n^. & Turton of the uncertainty of the Tonnage of or of the money to pay for the Goods.

It was then Objected by Mess^rs^. Elwick, Benyon, Emmerson & Turton, That we were not certain of receiving as much Tonnage this year as we did the last, nor of a sufficient Stock of mony to pay for the goods still to be brought in upon the old Contracts, and to pay for what we may now Contract Besides.

To Obviate y^e^. difficulty aforement^d^. The Presid^t^. alledg'd the Comp^y^. could not send out those ships to bring home the goods in y^t^. large List for Investm^t^. it being impracticable to procure them for their return therefore will send us reasonable supply of both shipping and Money.

To obviate these difficultys The President alledged That if the Tonnage sent out the last year was greater than usuall, the Investment was also greater but it is plain the Company could not send those ships out with a design that they should bring home the Goods order'd in that large list for Investment, because they must have known when they send them out, that it was impracticable to get those goods ready for their return a few months after, & it appears that the last years ships carried home mostly the Goods provided upon the March Contract, and that the 1/3^d^. of the large List for Investment contracted for In June, remains at this time (or the most part of it) to be sent home upon the ships w^ch^. the Comp^a^. shall be pleas'd to send us out this year; and they well knowing (as doubtless they do) the necessity of it, and that this is the constant course or Channel in w^ch^., their affairs run, we think there is no reason to apprehend their failure in making a suitable provision both of shipping & mony.

The Presid^t^. remarks upon read^g^. over a Cons. held by y^s^. board the 22^d^. of June last when M^r^. Collet was Presid^t^.

The President went on to say, That upon reading over the Consultation held by this Board the 22^d^. of June last when M^r^. Collet was President, he finds, That one third of the large list for Investm^t^. Just then arrived, was agreed to be contracted for at that time, in order to lighten this years work, the meaning of w^ch^. he takes to be in plain terms That the Board were willing to provide 1/3^d^. of those goods then that the remaining 2/3^ds^. might not fail to be Compassed within the year following w^ch^. is this now running, and those words he is of opinion imply an express Agreement to contract with the Merchants [for the remaining] 2/3^ds^. and that too as early as this time, Because, As 1/3^d^. of that list for Investment was contracted for in June last to lighten this years work, that the remaining 2/3^ds^. allotted for this years work might the easier be compass'd within this year, Were we to deferr making a new Contract till May next, or till a ship arrives from England as Mess^rs^. Elwick, Benyon, Emmerson & Turton propose, we should not then have time enough left to provide the said 2/3^ds^. and Compleat our last years orders, by the end of this year, which was the time the Board Agreed to compleat y^m^. in, And therefore those Gentlemen abovemention'd who sign'd to that agreement, and now insist upon deferring the provision of the Goods till May next, (when it will be too late to get y^m^. in by the end of December) do plainly prove, that they are for refusing to allow the Board time to put those agreements and orders in Execution, w^ch^. they themselves have Joyned in making.

The Presid^t^. in his remarks on the Cons. of the 22^d^. June the board acknowledg'd [that] when they made y^e^. Contract they had a great

The President proceeded to say, that he observes in the Consultation of the 22^d^. of June aforemention'd The Board acknowledge that when they made the Contract in March last, they had a great quantity of Goods upon hand and that they made that Investment for about as many Goods as compleated their preceding years orders; He adds that the proposal he now makes for a Contract, is exactly agreable to it, Which is, that a sufficient quantity of Goods may be provided to compleat our last years orders, to the end, that together w^th^. what remains upon the late Contracts, we may have wherewithall to dispatch the expected shipping, and such as may fall to

——FORT ST. GEORGE, FEBRUARY 1719-20——

our share to send home; He further adds that since the Contract now, is proposed upon the same terms with what was made in March last, and that since the motives to enter upon this, are the same w^ch^. induced the Board to agree to that; a dissent to this, past by those who readily came into that, is, in his opinion, very unaccountable. No objection was then made of staying for the arrival of a ship from England, thô it was a month late in the year than at this time, and the King William was then daily expected from England for setling Dieu Island; and she did arrive in about two months and a half after the Contracts were Concluded; so that considering the large Quantity of Goods, which the Board in their Consultation beforemention'd acknowledge to have had on hand when the March Contract was made, The President is of Opinion, they might have waited for a New list of Investment with less inconvenience to our Hon^ble^. Masters affairs at that time, than we can safely do at present, because we are more early in our entrance upon a Contract, & have not such substantiall reasons to expect a ship from England so soon. It was objected that some alteration might be made in the expected [list. To] this the President reply'd That our Investment would consist for the most part, of course Goods which were seldom known to be out of demand at home and for that reason little or no alteration could be expected as to the sorts, and that as for the Lengths and breadths they were already work'd up to as great a pitch as they can possibly be carried.

quantity of Goods on board.

The apprehension of our want of mony to pay for the Goods now proposed to be contracted for being again started as a Remora to this affair, The state of our Cash was Examin'd into, & Pag^s^. 79232: 2: 54 found to be the ball^e^. resting this day, besides Pag^s^. 25604 : 14 : 7, due from M^r^. Rich^d^. Horden, Imp^t^. Warehousekeep^r^. which he says he shall be able to pay in very quickly, and both those sums amount to Pagod^s^. 104836 : 16 : 61. The ballances that will be due to both our setts of Merchants when all the Goods are bro^t^. in upon all the Contracts made here the last year, are Pag^s^. 32193 : 29 : 44, and when they are paid, we shall even have a ballance of Pag^s^. 72637 : 23 : 17 out of which if we allow Pags. 12637 : 23 : 17. to pay for what due to the Merchants at Fort S^t^. David, that sum Joyn'd to the 13000 Pag^s^. they have there in Cash, will doubtless satisfy that article and defray their Charges Garrison &c^t^. pretty near till a ship may arrive with a supply from England so that when all the incumbrances in view are clear'd, we shall have Pag^s^. 60000, in hand to enter upon a new Contract with all, (for our Revenues, & sales out of our Warehouses we Compute will bear our Expences now our buildings are near compleated) and we shan't have occasion to pay for any of the Goods to be bro^t^. in upon the new Contract proposed till two or three m^os^. hence, in w^ch^. time it is probable we may receive Ten or fifteen Chests of Treasure from the West Coast (the Gentlemen there having directions to send us the overplus of what will satisfy their Occasions) and it's possible we may by that time also receive supply's from England; As for Vizagapatam we can't expect any draughts upon our Cash from thence for M^r^. Symonds carried down with him Pag^s^. 40000 in Rup^s^. & Pagodas upon the Metchlepatam, in August last to pay for the Goods to be provided there.

The want of money being again bro^t^. in question the state of the Cash examin'd w^ch^. was found to be 104836 : 16 : 61. & when all incumbrances are clear'd there will be 60000 in hand to enter upon a new Contract.

The President still finding all the reasons he had giv'n were not satisfactory to some of the Members of the Board, acquainted them that he esteemed a list for Investment obligatory on us punctually to comply w^th^. equally w^th^. the express orders in our H. Masters letters, & to convince them thereof alluded to the 33^d^. parag^h^. of that receiv'd by the King William the last year w^ch^. is as follows.

The Presid^t^. finds. his still of no Effect to some of the Memb^rs^. of the board acquaints y^m^. that he esteems it obligatory to comply for an Investm^t^. as is the express orders of our H. Masters Letters.

"Herewith y^o^. will receive the orders for Investments, or List of goods to be "provided, drawn up by our Committee of Warehouses, w^ch^. y^o^. must always have a "due regard unto, as if mention'd verbatim in our Letter, as well with regard to "what is caution'd against, or forbidden as w^t^. is to be provided.

——FORT ST. GEORGE, FEBRUARY 1719–20——

The Presidt. further informs the board that 'twas particularly recommended him by the late Presidt. Mr. Collett to set abot. a Contract as soon as possible.

The President further inform'd the Board, That it was particularly recommended to him by the late President Mr. Collet to set about this Contract as soon as possible after his departure for the same reasons wch. he himself has already giv'n, besides wch. he desires the Board to consider, that this is the dry season fittest for washing & Curing of Cloth ; That most if not all the Goods remaining upon the last Contracts are already in our bounds, so that the Weavers being unemploy'd, will doubtless ingage wth. the Dutch, French & the Agents for the Interlopers unless we speedily sett them at work, That if we should be disappointed of the Rains we expect in April, & the devastations arising from the civill wars in the Country, should, as its fear'd they may, spread so far as to affect our trade, our Merchants would take a handle from our delay to Contract wth. them, and not consent to provide goods for us upon the terms they may at present, & therefore such an Opportunity as the present one should not be lost. That if we do not comply wth. the last list for Investment, & provide the remaining 2/3ds. after the Agreemt. in Consultation made the 22d. June last as already mention'd, and after all the foregoing reasons that have been giv'n for the doing it, We may in case of Accidents by War, Famine & the like, (when we shan't be able to Contract if we would as we are able at present to do) perhaps be made accountable to the Honble. Company for the damages wch. may accrue to them by our delay, & by such accidents attending it, for non-complyance with their last list for Investment ratify'd by an express order in their Genll. Letter. That if we should by contracting now for the remainder of the last list for Investment and by being disappointed of the expected Tonnage, have a surplusage on hand, We might make our Contract for the next year proportionably less, or ease the Gentlemen at the Bay by taking a ship off their hands besides the two which they usually send to fill up here ; That it has been hitherto thought an acceptable piece of service to the H. Compa. to provide a sufficient quantity of Goods, early for the dispatch of our shipping, although upon the failure of our Cash, we paid our Merchts. with Interest but the state of our Cash (as to its large ballo.) as before represented is an undeniable Argument of the little reason we have to apprehend our being put to those streights ; That However when the Board Contracted in March last the ballance of their Cash the day they enter'd upon it was but Pags. 6582 : 27 : 48. being the 16th. of that month, and they were then indebted upon bond upwards of Fifty thousand Pagodas to Suncah Ramah &ct. Merchants, that notwithstanding those disadvantagious circumstances they concluded a Contract for the then ensuing year without the least hesitation, thô they confess they had a large quantity of Goods upon hand, but it seems they thought themselves obliged nevertheless to comply with the preceding years orders. Upon comparing our present circumstances with those abovemention'd, We find the ballance of our Cash is like to be about 60,000 Pags. clear of all incumbrances, and that we are not indebted more than a trifle upon bond. This being evident, is an additionall encouragement for us to enter upon the Contract, and in order thereto, the Presidt. thinks proper to recount the Tonnage of the sevll. ships that may lye upon us to dispatch home Vizt.

The Presidt. thinks proper to recount ye. Tonnage of the ships that may lye upon our hands to be dispatchd home this ensuing season.

——FORT ST. GEORGE, FEBRUARY 1719–20——

That the Tonnage for the ensuing year will require 13,300 bales and tis also possible the Burneo ships may come hither.

It appears by the foregoing calculate that the Tonnage for y^e^. ensuing year will require 13300 bales, and it is also possible that the Thistleworth & Borneo may come hither from Borneo to fill up here, not being able to compleat their business at that place, & hearing that the English are cutt off at Bencoolen to whom they were always wont to have recourse upon such occasions, But without making any provision for them, as their coming hither is least to be depended on we shall require 13300 bales, and there being 4678½ bales remain^s^. to be brought in upon the last Contracts, It will be necessary to contract for 5000 bales more at least, of w^ch^. 2000 with our Merchants here, 2400 w^th^. those at Fort S^t^. David, & to give ord^rs^. to Vizagapatam for 600 to be provided there, and these together with what were contracted for in June last will about compleat the last list for Investment, & be sufficient to dispatch all the ships that may lye upon us to send home.

the board not appear^s^. unanimous notwithstand^g^.[what] the Presid^t^. had urg'd. Put [y^e^.]Affair to the members [beginning]at the youngest.

The Board notwithstanding all that had been urg'd by the President upon this occasion, not appearing unanimous, and it being absolutely necessary to determine this important affair one way or other before the Dawsonnes departure that our Hon^ble^. Masters might be advised of the Russell, He desir'd that the Voice of every single Member might be given, beginning at the Youngest, as is usuall in such Cases, where severall of them differ in opinion from the rest.

The Voices of the Memb^rs^. were accordingly declar'd & minuted and the decision at length made by the Gov^rs^. Casting vote.

The Voices of all the Members of the Board were accordingly in course declared, and separately minuted by the Sec^ry^. Whereupon they were summ'd up, and it appear'd that the Presid^t^. & Mess^rs^. Horden, Cooke & Fowke were entirely of opinion that it would be most for the Comp^s^. Interest to contract forthwith for sev^ll^. Reasons w^ch^. they separately gave (thô most of them were the substance of what the President had before laid down) and it appear'd likewise that Mess^rs^. Elwick, Benyon, Emmerson & Turton were of the contrary opinion so that the decision was at length made for an immediate Contract w^th^. the Merchants by the Presidents Casting Voice.

Mess^rs^. Elwick, Benyon, Emmerson and Turton desires liberty to deliver in their separate reasons for their dissents.

Mess^rs^. Elwick, Benyon, Emmerson & Turton then desired the liberty of delivering in the next Consultation their respective reasons for dissenting to the entrance upon a new Contract in this, which liberty was Granted them, & they are accordingly entered after this.

The Merch^ts^. called in [and] ask'd if they were willing to Contract for 2000 bales to be provided by the end of Sep^r^. next. The Contract concluded for 2000 bales.

The Contract being agreed to be made the Merch^ts^. were calld in, & ask'd if they were willing to Contract for two thousand bales in Separate Contracts to be provided by the end of Sept^r^. next in y^e^. same proportions w^th^. that made in June last to w^ch^. they readily consented, but being ask'd for an abatem^t^. in y^e^. price on acco^t^. of the late fall of the price of Grain, they reply'd, it was as dear in the Country as ever; at length not being able to prevail upon them after many arguments, the Contract was concluded for 2000 bales upon the terms of the last addit^ll^. Contract and they were dismiss'd w^th^. a charge to increase the number of wash^rs^. by all possible means.

——FORT ST. GEORGE, FEBRUARY 1719-20——

To the Hon^ble^. Francis Hastings Esq^r^.
President & Gov^r^. of Fort S^t^. George &c^t^. Council.

We cannot think it either necessary or advantagious for the Hon^ble^. Company to enter into new Contracts with the Merchants upon the old list at this Juncture for the following reasons.

First.—That upon the present running Contracts here and at Fort S^t^. David there are still standing out, and will be remaining after the dispatch of the Dawsonne, supposing her to take in 700 bales Viz^t^.

At this place	Bales 1973
At Fort S^t^. David by the nearest Computation	2117
We dayly expect from Vizagapatam	300
and ought to have by Sept^r^. according to the stock sent them more	500

These in all 4890, or exclusive of the additionall 500 from Vizagapatam 4390 will be a sufficient stock of goods for the Godfrey and Crags in July, supposing them to come here, and for two ships more of their burthen by October.

Being thus provided for our shipping to Octo^r^., We are not under any apprehensions from loss of time by deferring our Contract, because thô the Merchants were now bringing in Goods, they must lye by some months before they could be prepared to be laden on account of the quantity that still remains of the old Contract to be wash'd &c^t^. Viz^t^. 1333 bales, w^ch^. according to what hath of late been perform'd will employ the Washers and Beaters at least four months, so that should we begin to contract three months hence, the Merchants would still be ready with goods sufficient to keep the Washers &c^t^. constantly employ'd in curing, and till they are embaled they are of no advantage towards dispatching our ships, therefore we do not perceive any loss of time by not entring into new Agreements with the Merch^ts^. yet, thô we do conceive this difference, that we shall be obliged to part w^th^. considerable sums of mony so many months sooner than we deferr our Contract to.

Secondly it is possible if not probable that we may have a ship from England by the latter end of April or beginning of May, when we shall likewise receive a fresh supply of Cash (our Nett ballance when the debts now due to the Merchants are paid being but about 30000 Pag^s^.) a new list of Investment, an account of the whole Tonnage we are to expect and perhaps the Stock by them; so that we shall then be able to contract upon much surer terms, as well w^th^. relation to our Tonnage and stock as in Conformity to the new List, and we do not conceive any necessity for compleating an old List, when we have a new, because we presume the Company would always be best satisfy'd with having their latest orders put in Execution if possible, otherwise they would not take the advantage of the first Opportunity for altering their List, unless they design'd we should alter our Investments likewise w^ch^. we shall have no room for doing this year, if a large Contract is now made, and if we overdo it in proportion to our Tonnage and Stock, we shall only run ourselves unnecessarily in debt, and what advantage can it be to the Company to have a Surplusage of Goods in their Godowns, whilst they are paying Interest for the same? and these inconveniences may certainly be avoided, if we wait the arrivall of an early ship from Europe.

Thirdly we are of opinion that though no ship should arrive in April, it will still be time enough in May to begin upon providing for the January shipping, w^ch^. are all our present forwardness requires some supply for. In this case we can only Guess at the Tonnage we may expect, w^ch^. we shall do by comparison with former years particularly the last, which was as large as has been for some time, and therein we find the Quota design'd for us was 1390 Tons; admitting y^e^. same this year, We have already premised that 2390 bales will be on hand after the Godfrey & Craggs are dispatch'd, which is sufficient lading for 600 Tons, so that there remains 790 Tons only to be provided for in January next; This we will allow may require near 3000 bales, 500 whereof we have remark'd ought to be depended on from Vizagapatam,

——FORT ST. GEORGE, FEBRUARY 1719–20——

the remaining 2500 are if an early ship arrives to be provided upon the new List here and at Fort S^{t}. David from May to January to compleat the expected Tonnage of this year; For here we must take notice that we have no reason to fear the West Coast shipping falling on our hands, because if the Company should have heard of the loss of that settlement they will send none that must lye upon us, and if they should not hear of it, the ships bound to that port will not probably be with us till March come twelve m^{os}.

Now as it appears to us that we shall stand in need of no more than 2500 bales, we cannot at all doubt of being able to provide them between May and January, notwithstanding all the difficultys that may be supposed, of which we think we labour'd under as great a share the last year, as may be suspected in any succeeding one, and we can by no means apprehend that our forbearance a few months to contract with our Merchants, in hopes of acting agreeable to fresh orders from the Company, will have any ill influence touching the Weavers in the Country, so as to put them upon new employments, for they will bring their Goods to the usuall Markets, and our Merchants will still be buying up to supply us against we call for them, as they depend we shall have occasion some time in the year, whether now or three months hence; and we only forbear paying for them till we want them; which we are of Opinion we cannot begin to do till May next; And for the foregoing reasons therefore are for deferring our Contract till then; Which we think fitt to declare we are not moved to by any spirit of Opposition or contradiction but by a sincere regard to the Interest of our Hon^{ble}. Employers according to the best of our Judgements,

——FORT ST. GEORGE, FEBRUARY 1719–20——

The Purport of Mr. Jenkinsons petition being that having recov'd from his illness desires a stop may be put to the sale of his Effects.

The said Petition being read, it appears that Mr. Jenkinson finds himself likely to Recover, and therefore desires a stop may be put to the sale of his Effects, as hoping that in a short time he may be in a Capacity to act for himself; Whereupon the Board consented that no more of his Effects should be sold for the present as it was his desire, but the President takes occasion from thence to tell the Board, that if Mr. Jenkinson should petition for the re-delivery of his Effects into his own hands again, he is of opinion it would not be safe for them to grant it, untill the Surgeons should deliver in a report in writing to certify that he was return'd to a sound state of mind, because in case of a relapse proceeding from an imperfect Recovery we might render our selves obnoxious to blame from the Honble. Comp. and Reflections of inconsiderateness from Mr. Jenkinsons friends; The President adds, That he is also really of Opinion, Mr. Jenkinson wrote the Petition now preferr'd in a lucid interval (as it is very common with people in his circumstances to write & speak sometimes as sensibly as ever they did in their lives) but that he hopes the Board (by seeing Mr. Jenkinson continue in the sound state of mind he at present appears to be) may have it in their power to convince him of his Mistake.

The President acquaints the Board, that last night the Hovildar of the Metto near Egmore had stopped some oxen loaden wth. bricks & straw w^{ch}. belonged to the Hon^{ble}. C^{o}. and were bringing into Town, that upon being Complain'd to about it this morning by the Paymaster, as also of the people's being beat & imprisoned that were driving the Oxen, & refus'd to pay some mony, w^{ch}. the Metto people would have extorted from them, He sent the Cheif Dubash with some others to know the reason of such an insult, and to demand the delivery of our people whom he had imprisioned; The President adds, that instead of receiving a civil answ^{r}. to that message The Hovildar returned him a very sawcy one and Refused to lett the H. Comp^{s}. goods & people pass, thô the Cheif Dubash used many mild persuasive Argum^{ts}. with him for that purpose; at length not being able to prevail he Return'd and gave the President an acco^{t}. of what had passed, whereupon he Order'd the Cheif Peon with some others to go & Expostulate with him further, and in case of any Resistance to force the Hovildar to a Compliance, but when y^{e}. Cheif peon went to him he found him at the head of about 50 of his peons & people in a fighting posture, and upon going up to him to deliver the Presidents message, the Hovildar drew his Scimeter & struck at him, w^{ch}. he warded off wth. his Target, & thereby evaded being cutt down, The Cheif peon immediately drew a pistoll from his side and shott the Hovildar, w^{ch}. when he had done he wth. his people fell upon the rest, and kill'd two more, w^{ch}. terrify'd the rest so much that they ran away.

The Presid^{t}. acquaints the Board that y^{e}. Hovildar of the Metto near Egmore had prohibited our Oxen passing laden wth. Bricks and straw.

The Cheif Dubash sent to know the reason of such an insult y^{e}. Havildar returns a sawcy answ^{r}.

Cheif Peon sent to expostulate with him but found him at the head of fifty of his men, and when he went to deliver his Message from the Presid^{t}. he drew out his scimeter and struck at him the Peon drew out a Pistol and shott him.

The President adds, that he thinks the Peon has by this action show'd himself a trusty servant to the Hon^{ble}. Comp^{a}. & deserves encouragement; That if he had satt tamely down under this first insult we should not have failed of receiving many more of a higher degree, and that our showing our resentment upon this occasion will have a good influence upon all the Metto people and Junkaneers for the future; That least the matter should be represented to our Prejudice to y^{e}. Nabob, he has taken Care to transmitt an exact account of it to our Vacqueel at Arcot, & for the security of the Garrison has giv'n orders to the Officers to be upon a very strict guard for fear of surprize.

The Presid^{t}. represents that he thinks the Peon deserving of a reward as a trusty servt. That the Presid^{t}. has taken care to advise the Nabob.

——FORT ST. GEORGE, FEBRUARY 1719–20——

The Board entirely approves of the Presidt's. conduct.

The Board having heard all the particulars of this affair related by the President entirely approv'd his conduct therein.

Mess^{rs}. Elwick, Benyon, Emmerson & Turton, who dissented from the Contract made the 12th. instant, now deliver in another Paper of objections, w^{ch}. before it was read, they said related but to one article only in the said Consultation Viz^{t}. that, wherein it is expressed and some of them (meaning Mess^{rs}. Elwick &c^{t}.) urged that the bales remaining to be brought in upon the last years Contracts would be sufficient for the dispatch of all the shipping of the ensuing year, The President together wth. the persons who voted in favour of the Contract acquainted the others that they heard some of them say words to that Effect, but that however since they did seem to dislike the part of the Consultation, when it was ready they would Agree to enter it, thô they sign'd it without signifying their dissent in writing, provided no objection to any other article should be found to be tack'd to it, because no other was started at the signing the said Consultation; The said paper being read, it appear'd

Second Paper of objections deliver'd in by Mess^{rs}. Elwick, Benyon, Emmerson and Turton w^{ch}. is said to relate but to one Article.

[said] Paper being read [and found] there were two [objec-] tions.

that there were two objections one, as aforemention'd and another to that part of it, wherein the 2/3ds. of the last list for Investment is proved to have been agreed to be provided at this time by the Consultation of the 22d. of June last to wch. Messrs. Elwick, Benyon, Emmerson & Turton, have set their hands.

Upon [w]hich a debate arrose whither a papr. deliver'd in by way of objections [after] a Cons. was sign'd wth.out some mention being made in the transactions of [yt.] Cons. the Secry. Ordd. to examine the Comps. Orders & report it the next Cons.

A Debate arising thereupon, It was after some expostulation determin'd that the aforesaid paper should be entred, if the Honble. Comps. orders upon examination should be found to authorize, warrant, or allow the entry of a paper of objections after a Consultation, unless all those objections were actually made by words or in writing when the Consultation was held, and the Secry. is ORDER'D to make that examination, & report it to the Board the next Consultation.

The importunity of the Pattans for an abatemt. of the Customs on their Goods from the Bay.

The Sea Customr. order'd to make them as easier as possible.

The President with the Sea Customr. represent to the Board the importunity with wch. they have both been lately pressed by the Patans here for an abatement in the Customs of their Imported goods from the Bay, wch. are considerable, and the Sea Customr. adds that in pursuance of a former permission to lighten them, he has done wt. he could to satisfy them, but it being of dangerous consequence to lower the Honble. Comps. Customs, he is ORDER'D to make them as easy as possible in the rating their Goods.

To THE HON^BLE. FRANCIS HASTINGS ESQ^R.
PRESIDENT & GOVERNOUR OF FORT S^T. GEORGE &C^T. COUNCIL.

HON^BLE. S^R. &C^T.

You may please to remember that we desir'd the liberty of Excepting against some parts of the Consultation of the 12^th. instant as drawn up & read before us the 16^th. particularly that paragraph, wherein some of us are charged to have urged, that the number of bales remaining upon the old Contracts, would be sufficient lading for the expected Tonnage of the ensuing year. We Presume it will be allowed that hardly any man can deliver himself in discourse with that exactness of Expression which he may do in writing, though as to this point we think ourselves obliged to declare to yo^r. Hon^r. &c^t. jointly and Separately in each others behalf, that we do not

——FORT ST. GEORGE, FEBRUARY 1719–20——

Remember any of us to have Expressed ourselves so in talking upon the subject of the Investment, as we could thereby be suppos'd to mean as aforesaid, and in further proof that it neither was, or could be our Sentiment or intention, we appeal to the reasons given in for our opinion, touching y^e^. Contract, wherein we propose providing 2500 bales upon the new List, that may be Receiv'd from England by May, to add to those upon the former Agreements, and therefore we hope it will not be imputed to us, that we should either be so weak, as designedly to contradict ourselves, in giving our opinions at the Board in discourse, and in putting our same thoughts together in writing soon after; or so dishonest as to say one thing and mean another.

Your Hon^r^. &c^t^. are pleas'd to suppose that our agreeing to the Contract of June last, as part of a large new List in order to lighten the business of this present year, seem'd to imply a consequential intention and tacit consent to compleating the said List now. We must desire to be excused if we think otherwise, because as we could not tell last June what Goods our occasions might require now, so we could not conceive ourselves by then Contracting for what we had occasionally obliged to consent to an after Contract, for a Quantity of Goods we might not want, which we take to be our present Case; and therefore as our best reason leads us to differ in opinion from your Hon^r^. &c^t^. We hope we shall not be esteemed possitive or obstinate, for we must repeat our former declaration, That we are not [moved by any] spirit of Opposition or Contradiction but by sincerity of intention towards the Interest of our Hon^ble^. Masters according to the best of our Ability's. We are.

Ft. St. David Cash Acco^{t}. report^{d}. to be right Accompt Salary deliver'd in Order'd to be p^{d}. and enter'd after this Cons.

The Accomptant reports the Fort S^{t}. David Cash Acco^{t}. for last m^{o}. to be right, and delivers an acco^{t}. of the sallary due to the Hon^{ble}. Comp^{s}. covenanted Servants of this place for the last 6 Months, w^{ch}. amounting to Pag^{s}. one thousand four hundred & seven, twelve fan^{s}. & fifty three Cash is ORDER'D to be paid & Entred after this Consultation.

The Presidt. acquaints the Board that he has had no one to bid for the Beetle and Tobacco ffarm but the Old renter.

He was called in but refus'd to give more than the form^{r}. rent for he tho^{t}. to have had an abatem^{t}.

He requests some small indulgence.

The Sec^{ry}. having affix'd a note at the Sea Gate pursuant to order of last Consultation to give notice that the Beetle & Tobacco Farm would expire the 4th. of next m^{o}. & that all persons who were desirous of Renting y^{e}. same should apply themselves to the Gov^{r}. in order to have their proposals consider'd in Council this day, The President acquaints the Board that nobody has been with him upon that occasion, but the old Renter who being call'd in to treat about it, he absolutely refus'd to make any advance upon the former rent of 7000 Pag^{s}. ℔ annum, urging at the same time his great sufferings for these three years past by the famine, which considerably decreased as well as impoverish'd the Inhabitants, and consequently hinder'd the usuall vent of beetle & Tobacco ; he added that he expected rather an abatement as Customary in case of such misfortunes, than an advance upon the rent, but that however since we were determin'd not to lower it, he desir'd one small inconvenience which he often met wth. might be remedy'd; That is whereas he usually sold 400 leaves in each bundle for a fanam both of the fine Course sort, the buy^{rs}. would not take them promiscuously, but pick'd the better sort out, insomuch that what were rejected would not yeild any thing by reason of their being spoil'd wth. handling he desir'd that the finer sort of leaves might be sold at the rate of 300 ℔ one fanam, & the ordinary sort at 500 and the S^{t}. Thomas leaves as usuall, there being no proffit upon them all w^{ch}. being consider'd by the board

Twas Agreed to comply wth. his request.

It was AGREED to comply wth. his request in that there being no very material difference between the rates in the former Cowle and those he now proposes, the richer sort of people being only affected by it, which is made amends for by the proportionable advantage allow'd the Poor.

Order'd the Secry. draw out a Cowle for the Beetle and Tobacco ffarmers.

ORDER'D therefore that the Sec^{ry}. prepare a Cowle for Poncala Kistna against next Consultation for the beetle & Tobacco farm for five years more at the yearly rent of Seven thousand Pagodas, to be drawn in the same form with the last, inserting that additionall Clause aforemention'd.

A Copy of an Examination made by Thomas Cooke Esq^r. &c^t. Justices of the Choultry at a meeting the 5^th. of April 1720.

Cap^t. Fullerton impeaches Anthony for seducing three Europe Soldiers to desert the Garrison, and that he had conducted them to Arcot, who being Examin'd denys that he had himself seduced them, but pretends that he has a brother, who is very like himself who perhaps may have done what thrô mistake he is accus'd of, thô he confesses that he mett the Deserters at a place calld Penmadore about a day & a halfs Journey from Madrass, from whence he accompanied them to Arcot.

Cap^t. Fullerton for a further confirmation of w^ch. he accuses him of, produced the following Witnesses Viz^t.

Susannah the wife of Tho^s. Gray one of the Deserters affirms that the said Anthony came to her in S^t. Thoma and demanded of her one Pagoda by her husbands order for being his guide to Arcot, and upon her refusing to pay it, he gott her imprison'd for 2 days, when she paid him 13 fan^s. w^ch. was all the mony she had.

Ensign Eckman declares that the said Anthony confess'd to him that he had carried away Tho^s. Gray, and that now he was a prisoner he would make no further discovery, thô he was never so severely punish'd.

Jn^o. Trustee & Jn^o. Vowell Centinells declare that they had proposed to the said Anthony to desert & desir'd him to assist them, who did promise to carry them off, if they could carry w^th. them their Arms and a small matter of mony, then he would provide them a house in the day time, & that they should travell in y^e. Night, telling them he had Carried away 3 Englishmen before, after they had made this Agreem^t. w^th. him, they Secur'd him, & bro^t. him before y^e. Cap^t.

——*FORT ST. GEORGE, APRIL 1720*——

All the Witnesses offering to take their oaths to the truth of what they asserted, AGREED that this Examination be reported to the Govr. and Council, and the Prisoner remanded into Custody of the Marshall.

To the Hon^ble^. Fra^s^. Hastings Esq^r^.
Presid^t^. & Gov^r^. of Fort S^t^. Geo^r^. &c^t^. Council.

Hon^blr^. S^r^. &c^t^.

I herewith lay before your Hon^r^. &c^t^. an attestation of some scandalous and fals Reports rais'd by M^r^. Peter Shelly on board the Craggs, which may tend to the ruin of my Reputation should I not Justifie & Clear my self from such vile aspersions.

He accuses me as Appears by said attestation Viz.

That y^e^. Companys Treasure being Saved from Bencoolen when it came to be Deliverd here most of the Chests prov'd Capper Cash instead of Plate.

That the Comp^s^. Originall Cash Book was made away with & a new one Forged.

That by what was deliver'd here of y^e^. Companys Cash he was sure a great deal was Embezelled.

These are such horrid Crimes that I should deserve the Severest punishment as well as Censure, if they appear to be truth, but I think 'twill be no hard matter to convince your Hon. &c^t^. that each Article is most notoriously False.

First That the Copper Cash Deliverd in by me on my arrival here is well known to be part of the Effects belong^s^. to M^r^. Richard Farmer receiv'd in that specie in the month of Jan^ry^. but when 'twas Enterd in y^e^. Cash Book 'twas reduced into Doll^rs^. & Carried forward as part of the Ball^ce^. of y^e^. Cash, & as such was p^d^. in here.

Secondly That y^e^. Originall Cash Book was made away w^th^. & a new one forg'd will appear to be false if the Cash Book be produced which was Deliver'd in by me y^e^. first Council day after my arrivall, which is y^e^. Originall & will be found to be brought forward from y^e^. time M^r^. Farmer had y^e^. Charge of y^e^. The President acquaints the Board that he has lately discover'd a conspiracy some time since form'd by the Inhabitants of the Chitty Cast of this place to revolt from the English Governm^{t}. & Shelter themselves und^{r}. the protection of the Portugueze at S^{t}. Thoma. That upon receiving notice thereof he confin'd two of the Hon^{ble}. Comp^{s}. Merchants, who are heads of y^{e}. Chitty Cast, as believing them to have been concern'd in the Conspiracy, w^{ch}. he detected by the following Accident.

The Presid^{t}. acquaints the board that he has discover'd a conspiracy held by the Chitty Cast for diserting this Govern-m^{t}.

A Galliott nam'd the Jesu Maria Joseph arriving here a few days since with one Pareira (commonly called the one eyed Doctor) as Supra Cargo, and (as it has since appear'd) Embassador from y^{e}. Viceroy of Goa to the Chittys of this place, The Pilot of w^{ch}. (being a Portugueze fellow) having rec^{d}. sev^{ll}. Presents from the Vice Roy, for w^{ch}. he had sign'd bills of lading to deliver to sev^{ll}. of the Chittys here, accordingly upon his arrival enquir'd for those people, not knowing upon what errand the Galliott was sent hither, or what was the intent of sending those Presents ; The Person enquir'd of (thô a Portugueze) being well affected to the English, seeing him produced letter directed to Colloway Chitty, Ball Chitty, Nallapa Chitty, & Can Chitty &c^{t}. Inhabitants of the Chitty Cast in Madrass, began to Reflect within himself, what could be the meaning of the Viceroy of Goa's writing a letter, & Corresponding wth. a Sect of people in this place, and hearing at the same time the Pilot say, that he had Presents to deliver to the Heads of them, It put him into a Consternation Especially considering that the Supra Cargo of the Ship, was publickly known to be a Villain & stood recorded as such.

and that by the Jesu Maria Joseph there were several presents sent frō : the Vice Roy of Goa to several of the Chitty Cast.

The President adds that this person on being under a very great concern as apprehending some treacherous design by the odd circumstances w^{ch} appear'd, Communicated to him, thrô the means of M^{r}. Horden all that had passed upon this occasion, whereupon he sent Lieutenant Fullerton & the pilote of the Galliot wth. a Serjeant & six men to apprehend the aforem^{d}. Pareira in his house in the black town, but he, by their mistaking the way, had made his Escape, before they got to the house, when they enter'd, they found his wife there who deliver'd them sev^{ll}. papers, w^{ch}. she found in her Husbands Escrutore, & they sealing up the said Escrutore brought it wth. them.

Lieutenant Fullerton a Serjeant and six men sent to apprehend Pereira Master of the Galliot who brō^{t}. the Presents, They having miss'd him they made a seizure of several papers in Escrutore.

The said Papers being produced by the Presid^{t}. were Viz^{t}. a bundle of papers (said to be Grants for the Town of S^{t}. Thoma in one of the lett^{rs}.) entitled authentick Copys of Phirmaunds granted by the Kings of Golcondah in fav^{r}. of the City of S^{t}. Thomâ & wrote in the Persian Language ; A Copy of Manuel De Oranzo, Comm^{r}. of Ship Jesu Maria Joseph from Goa, his instructions or ord^{s}.—Lists of presents from Goa on Jesu Maria Joseph to be sent to the Mogull, & Nabob Hussan Ally Gawn ; A Sealed lett^{r}. from the King's Councellour at Goa to Colloway Chitty, Ball Chitty, Nallapa Chitty, Marr Chitty &c^{a}. Inhabitants of the Chitty Cast in Madrass w^{ch}. was Order'd to be Open'd & being Translated into the English Language, they were all read & Copys of them Order'd to be transmitted home in our next Paquet.

the s^{d}. Papers produc'd by the Presid^{t}.

The Board having heard a very full relation of this matter, immediately sent for the Pilote, & Summon'd the heads of the Chitty Cast to appear before them ; The former being present, severall Interrogatorys were put to him, & his answers were found to agree wth. y^{e} very letters & papers themselves, wth. respect to the Presents &c^{t}. put on board him ; but it appears that he was entirely ignorant of the Design, that was intrusted to the aforem^{d}. Pareira whose ord^{s}. he was to follow implicitly ; The Pilote being dismiss'd the heads of the Chitty Cast appear'd amongst w^{ch}. were

the Agents for y^e^. Comp^s^. Left hand Merch^ts^. who being askd concerning this affair, they confidently deny'd the^r^. knowing any thing of the matter, but the Board being Satisfy'd of the Good grounds, which there are to suspect their Guilt, requir'd them forthw^th^. to give Security for their good behaviour concerning w^ch^. they promis'd to discourse the rest of their Cast, & then return an answer, whereupon they were dismissed.

AGREED that the Goods brot. by the sd. Perira be detain'd in the Sea Customrs. hands till further Orders.

The matter being very fully debated, It was at length AGREED, That as the aforemention'd Pareira had brought severall sorts of Goods, as presents for the Great Mogull, & Sied Hussenally Cawn, they should be secured by the Sea Custom^r^. till further ord^r^. & that in ord^r^. thereto a Serjeant & Six men, should be sent on board the Galliott und^r^. the direction of the Sea Cust^r^.

ORDER'D that the Secr^y^. do affix a paper at the Sea Gate to give notice, That if any person or persons concern'd in this conspiracy will discover the same to the President or to any one of the Council, he or they shall have a handsome reward, and full pardon for themselves, and that he do enter a Copy of the said paper after this Consultation.

AGREED that the Chitty Cast be continued und^r^. confinem^t^. in ord^r^. to get some further light.

AGREED, That the Hon^ble^. Comp^s^. Left hand Merch^ts^. and the rest of the Heads of the Chitty Cast, be continued und^r^. Confinem^t^. in ord^r^. to get some further light into this affair.

Mr. Jennings advices the Presid^t^. that two English and two Dutchmen came thither fro. Tranquebar in a boate as also one fro. Tranquebar on the same subject.

The President acquaints the Board, that he is advised by M^r^. Jennings D. Gov^r^. of F^t^. S^t^. David, that there are two English and two Dutchmen come thither from Tranquebar in a boat, w^ch^. they ran away w^th^ from a Danes ship lying in that road; He adds that y^e^. Gov^r^. of Tranquebar, has also wrote him a letter upon the same Subject wherein he Esteems them as Pirates, & desires they may be treated accordingly.

AGREED they be wrote for up.

AGREED that the President do write to M^r^. Jennings to send them hither by the 1^st^. Opportunity.

The West Coast affair debated.

The Board having the last Consultation, agreed to come to some determination, at this (being the next Meeting) concern^s^. the West Coast affairs, They were accordingly Debated, and it appearing upon examination into the Disputes that have been between Messeurs Pyke & Baliet about the Right of Authority in the Government of the West Coast, that there have been faults on both sides, & M^r^. Ballet now standing Accused of a very heavy Charge both by M^r^. Pyke & M^r^. Willy of a design to set fire to the buildings at Moco Moco, & to retire to y^e^. Dutch at Podang, and the Board being apprehensive, that if we should send M^r^. Pyke over Deputy Gov^r^. matters might not be so impartially Examin'd into, as would be necessary, on acco^t^. of M^r^. Pykes resentment of some injurys, he says he has rec^d^. from M^r^. Ballet, w^ch^. whether reall or Supposed time must determine.

That its necessry. to send over a supravisor to enquire strictly into matters.

For these reasons we think it absolutely necessary to send over a Supravizor, who by being disinterested in either side may enquire strictly into y^e^. matters of Fact, related both by Mess^rs^. Pyke and Ballet & faithfully & impartially Judge, & determine between them, besides that he will perhaps have it in his power to reconcile, & accommodate all their private Picques and Differences.

Natives seem well inclin'd of the West Coast to the English.

And whereas by all the Acco^ts^. both of Mess^rs^. Pyke and Ballet now before us, the Natives at Bencoolen seem well disposed to a perfect reconciliation to the

English, & fearing that we may render ourselves liable to Censure from our Hon^ble^. Masters, should we not embrace this fair Opportunity of resetling Fort Marlbrô & thereby prevent the greatest branch of our pepper trade from falling into y^e^. hands of the Dutch, & being irrecoverably lost, It is unanimously

AGREED to enter upon the Choice of proper persons to be sent on an Expedition to Bencoolen forthw^th^. to Resetle Fort Marlbrô. *AGREED to enter upon the Choice of proper Persons for that Expedition.*

It is further AGREED that M^r^. John Turton be appointed Supravizor, & Deputy Gov^r^. *pro Tempore* of the West Coast of Sumatra That he do carry over w^th^. him M^r^. Isaac Pyke as second to succeed him as Deputy Gov^r^. on his leaving that place. *M^r^. Turton go Supravizor & Depty. Gov^r^. to the West [Coast]. M^r^. Pyke as second & to succeed in that Governm^t^.*

By the Election of M^r^. Turton as SupraViz^r^. there being a Vacancy at this Board, The President proposed, that M^r^. Joshua Draper should be admitted as Youngest of Council, & to remain nevertheless in his post of Secretary at his desire, Mess^rs^. Elwick & Benyon & Emmerson dissented to that proposal, alledging that it was contrary to the Hon^ble^. Comp^s^. ord^rs^. expressed in the 91^st^. paragraph of their letter ℔ the King William 1716, w^ch^. was read through, and is hereafter recited. *The Presid^t^. proposes M^r^. Draper as Youngest of Council & to continue as Secr^y^. but Mess^rs^. Elwick & Benyon and Emmerson dissented to that proposal alledg^s^. 'Twas contrary to the Comp^s^. Orders.*

We observe what mention'd in parag^r^. 113 ℔ Joseph, & the Cons^s^. there "referr'd to, & parag^r^. 93 ℔ Hannover, touching the filling up the Council according "to former ord^r^. but y^o^. will see in our General Lett^r^. last year by the Mary, that we "would not have our Council to be less than Seven & we now say, whenever they are "no more, it will be so much the better, because an ill use hath been made by some "admitt^d^. into our Councils in India, for they then thought they had a priviledge to "be Exempt from any Controul, & to leave our business to others und^r^. them, witho^t^. "taking the same pains abo^t^. it, as they used to be at before such promotion, thô we "would hope this is not the case of any of yo^r^. Council for if it should, they ought "to be no longer therein yet it is not good for Young men, especially to come too "nigh the Temptation, nor to be advanced too soon, least their heads turn giddy, as "seem'd to be the case of M^r^. Raworth. *The Para^r^. of the Gen^ll^. Lett^r^. relating thereto read.*

All the Members of the Board except Mess^rs^. Elwick, Benyon & Emmerson, very readily Agreed to the Presidents proposal of admitting M^r^. Joshua Draper as Youngest of Council for the reasons w^ch^. were given for the admission of Mess^rs^. Benyon & Turton, who could not claim it by Seniority, but were taken in for their extraordinary merit, as is expressed by Gov^r^. Collet in a former Gen^ll^. Letter, so that the Majority of this Board declaring their Agreement to admitt M^r^. Joshua Draper as Youngest of Council, He took his place accordingly, & then begg'd leave to represent that in the way, w^ch^. Mess^rs^. Elwick, Benyon & Emmerson, dissented to his admission to the Board, he thought himself highly Reflected on by them, & gave his reasons verbally for the proof thereof, as well as to Justify his being brought to the Board, producing the instance of M^r^. Turner's promotion when there were actually seven members before, and then desir'd liberty to committ all his thoughts to writing, w^ch^. occurr'd to him on that occasion, in order to be deliver'd in the next Consultation, & Enter'd after this, w^ch^. Request was Granted him. *M^r^. Joshua Draper taken to the board Elected by Majority of voices & took his place as youngest of Council.*

—*FORT ST. GEORGE, APRIL 1720*—

Mr. Randll. Fowke to taken upon the Employ of Receiver.

AGREED that as Mr. Joshua Draper continues to act as Secry. wch. is a fatieguing Employment, Mr. Randall Fowke do enter upon Mr. Turtons place of Receivr. forthwth. that Mr. Draper may the easr. undergo it, who is Order'd to be one of the Justices of the Choultry upon Mr. Turtons going away, but Mr. Turton must continue at the Board during his stay and return to his Station thereat after having setled all the Affairs of the West Coast.

TO THE HONBLE. FRAS. HASTINGS ESQR.
PRESIDT. & GOVR. OF FORT ST. GEORGE &Cr. COUNCIL.

HonBLE. SR. &CT.

A Vacancy in Council having been occasiond by ye. appointmt. of Mr. John Turton supraVizor of ye. West Coast on ye. 25th. Inst. the Honble. Presidt. was pleasd to propose myself as ye. properest person to supply it & ye. Majority approving thereof I was accordingly Elected a Member for which favour I am to render my thankfull acknowledgments.

But three of ye. Gentlemen Vizt. Messrs. Elwick, Benyon and Emmerson, being pleasd to dissent to ye. Choice because they said it was Contrary to ye. Hon. Comps. ordrs. express'd in ye. 91st. paragraph of their Lettr. by ye. King William Anno 1716, the sum & substance of which is That whenever ye. Council consist of no more than seven it will be so much ye. Better, & because I think in so Dissenting they have glanced some reflections at me which may Affect my Character at Home if I should remain Silent, & not ward them off. I beg'd leave of yor. Honr. &ct. to clear myself in writing which I have endeavour'd to do in ye. following arguments.

FIRST. I desire Liberty to prove (if I can) that I am not admitted to ye. Board Contrary to ye. Hon. Comps. ordrs. in ye. 91st. paragraph aforesaid.

SECONDLY. That there is no ordr. at all in that paragraph.

THIRDLY. That what Messrs. Elwick, Benyon & Emmerson, call an ordr. is no more than an opinion or advice.

FOURTHLY. That I am rightly & justly admitted to ye. Board although the Honble. Comps. Opinion four years ago should appear for not letting ye. number exceed seven.

FIFTHLY. That Messrs. Elwick, Benyon & Emmerson, have reflected upon my charactor in ye. way wch. they have Dissented to my admission to ye. Board.

SIXTHLY & lastly. That their Dissent is in reality an assent.

To ye. first then Vizt. That I am not admitted to ye. Board Contrary to ye. Honble. Comps. orders in ye. 91st. paragraph aforesaid.

It is well known that in ye. true way of reasoning ye. proposition is first laid down then comes ye. reason & from thence is drawn ye. Conclusion in ye. 91st. Paragraph of ye. Hon. Comps. Lettr. aforementiond this way of reasoning may be observ'd ye. words are to this purpose. Whenever ye. Council Consist of no more then seven it will be so much ye. better, this is ye. proposition next comes ye. reason because young men for ye. sake of leaving their Business to others undr. them for ye. sake of power & Controwl which are temptations having been desireous of admission

——FORT ST. GEORGE, APRIL 1720——

to y^e^. Board & having obtain'd it, an ill use hath been made of y^e^. Lattitude formerly given of filling up y^e^. Board to nine in Number, a second reason for their Inclination to decrease that Number to seven, is to prevent those persons from coming to the Board who perhaps may have pretentions on acco^t^. of seniority but none on acco^t^. of Merit and are as they say of a Giddy unsettled temper. The proposition being at length laid down & two reasons assign'd y^e^. Conclusion remains to be drawn, w^ch^. with submission may be done in y^e^. following manner, That whenever any of y^e^. Hon^ble^. Companys Servants within reach of the Board appear desireous of living an Idle Life when they seem ambitious of Power & Controul, or discover a giddy wild and unsettled temper that then such undeserving persons should be prevented by this Plea from Importuning y^e^. Board to admitt them as members but this does not in any way exempt myself from being admitted at this time when there are seven already because y^e^. Majority of y^e^. Board (who are alwayes to be Esteemd y^e^. properest Judges of mens merit) have by voating for my Election plainly shewd that they do not think me a person desireous of being in Council for y^e^. sake of leaving my business to others und^r^. me or desirous of Power & Controwl or that I am of a Giddy unsettled Temper.

These three articles be objected against in a mans Charactor I beg leave to take notice of a Part, They are Viz^t^.

FIRST. An Idle Lazy Disposition

SECONDLY. An Imperious mind

THIRDLY. The want of Sence & Solidity.

In answer to y^e^. first I need only say That my having Voluntarily taken upon me to act as Sec^ry^. and be of Council at y^e^. same time is a sufficient Argument that I have not coveted an admission to y^e^. Board for y^e^. sake of leaving my Business to others & consiquently is a full proof that I am not of an Idle disposition.

To y^e^. Second about power & Controul I have never yet acted in a station where I had an opportunity to exercise any & therefore it has not been in y^e^. power of any body to judge one way or the other, all that I shall add upon this Head is that I firmly beleive those persons who suspect my eagerness of com^s^. to y^e^. Board to proceed from a desire of power & Controwl did realy seek that advancem^t^. themselves w^th^. a desire to exercise it & y^e^. reason of this belief arises from a French Motto w^ch^. I have frequently mett with that is *Hon i Soit qui maly pense*, or evil be to them that evil think.

I shall say nothing else to y^e^. last article about y^e^. want of sence & solidity, but that y^e^. persons who Consented to make me Sec^ry^. and had no better opinion of my Capacity gave up their own reason & y^e^. Interest of y^e^. Hon^ble^. Company out of Complaisance, or elce they did not know what they were doing & now having replyd to y^e^. three particulars I proposed I think it necessary to excuse myself for having spoken in my own behalf with this universally allow'd maxim that self Commendation is always allowable in cases of detraction.

Having done with y^e^. first Gen^ll^. head I come now to y^e^. second & third to prove that in y^e^. Paragraph quoted by Mess^rs^. Elwick, Benyon and Emmerson, there is no ord^r^. at all but an opinion or advice.

To the end that I may do this clearly I shall beg leave to define y^e^. matter of an ord^r^.

In my humble opinion 'tis that by which we are to understand a Command expressd in a peremptory form of words and it had Generally a Penalty annex'd to it which with respect to the Company is incuring their displeasure & its Consequences & it requires no great penetration to discern that there is no command or order in y^e^. words it had better been done, & that it amounts to no more then an advice or opinion.

As to the fourth head that I am rightly & Justly admitted to y^e^. Board althô y^e^. Hoñ. Comp^s^. opinion four years ago should appear for not letting y^e^. number of y^e^. Board exceed seven by all the observations I have made upon y^e^. Comp^s^. Lett^rs^. I

find that thô they give such & such directions they generally leave them discretionally to y^e^. Presid^t^. & Council to be put in Execution & for this reason because though at y^e^. writing of those Lett^rs^. it may appear necessary to act so, or so, yet before y^e^. rec^t^. of them (which is generally six months difference in time) a thousand accidents may Interveen which make it advisable to take other measures so that were it the Comp^s^. opinion four years ago y^e^. Members of y^e^. Board should not exceed seven in number the Presid^t^. & Council have an undoubted power to increase that number whenever y^e^. majority of them shall say they see a just occasion.

To y^e^. fifth Article Viz^t^. that Mess^rs^. Elwick, Benyon & Emmerson, have reflected upon my Charactor in y^e^. way which they have dissented to my admission to y^e^. Board & this I prove in y^e^. follow^s^. manner.

That as I have already prov'd what they call an ord^r^. to be no more than an advice or opinion & Little more than a proposition, grounded upon such, & such reasons &'seeing y^t^. y^e^. Company could never expect their advice, opinions or propositions to be made good by us unless such reasons appear'd, & seeing further more that Mess^rs^. Elwick &c^t^. having been guided by y^e^. reasons mentiond und^r^. my first head have follow'd y^e^. Comp^s^. advice or opinion, I have provd und^r^. y^e^. same head, that those reasons do not relate to me, then of course I have provd that that advice, opinion, Proposition (or if it was an ord^r^.) does not relate to me, but as those reasons (as I said und^r^. the first head) are to exclude men of scandalous Characters from the Board, they by applying those reasons to my case have endeavor'd to make my Charactor scandalous which I think is sufficient to prove they have highly reflected upon me.

I now come to prove y^e^. 6^th^. & last article I proposd (which may perhaps seem a Paradox) That Mess^rs^. Elwick, Benyon, & Emmersons Dissent is a real assent.

It has before been said that Mess^rs^. Elwick, Benyon and Emmerson, Dissented to my admission to y^e^. Board for one reason namely, That it was Contrary to y^e^. Comp^s^. ord^rs^. express'd in y^e^. 91 Paragraph of a Lett^r^. then mentioned; In my second & third heads I have fully provd that there is actually no ord^r^. in that Paragraph if then they Dissented as beleiving there was an ord^r^. & afterwards there is prov'd to be none the reason for y^e^. Dissent Ceases & Consequently y^e^. Dissent itself; if y^e^. Dissent Ceases an assent comes of Course because men must assent if they see no reason to Dissent, or else they must Dissent for no reason at all and it is Directly contrary to y^e^. Comp^s^. Ord^rs^. to Dissent witho^t^. giving Substantiall reasons, and this renders them liable to more then Censure proves their Judgm^ts^. to be weak Interupts y^e^. Comp^s^. Affairs, triffles away the time that should be employ'd in them & bespeaks them not qualified to judge of other matters.

Having at length in my humble Opinion and with all submission & defference to y^e^. Opinion of this Board made good y^e^. Sev^ll^. Argum^ts^. which I proposd to go upon I beg leave to give an additional Reason for my having been justly & rightly admitted to y^e^. Board though there are already seven Members at it includ^s^. y^e^. Presid^t^. since I have had y^e^. Hon^r^. to act as Sec^ry^. to y^e^. Board I more than once have known y^e^. time when preceedents were thought a sufficient sanction for acting in any dubious Case. I remember when M . George Torriano was proposd to be admittd as a covenanted serv^t^. in y^e^. degree of a Factor he was also proposd to be admitted as a Factor for three years only; some of the then members of the Board (who might know it was Contrary to y^e^. Comp^s^. ord^rs^. to admitt a Factor for three years only witho^t^. their privious knowledge & Consent) tho^t^. y^e^. likelyest way to gain their Point would be to produce a Precedent, & they accordingly mentiond M^r^. Sam^l^. Synnock; whereupon M^r^. Toriano was chosen for three years & thereby he would have superceeded me at the Expiration of it nevertheless I acquiessd, as supposing Board Esteemd him a more deserving man then my Self, for I know that Plea to be unanswerable because y^e^. Hon̄. Comp^a^. in y^e^. 45 Parag̃. of their Letter by the Mary dated y^e^. 12 Jan^ry^. 1714 Expressly tell us that Merrit not seniority is to be reguarded & here it is to be noted, that Precedents hav^s^. been thought a Sufficient sanction

even for disobeying the Compᵃ. ordʳˢ. by those very Gentlemen who now Dissent to my being taken into Council for that which in yᵉ. worst sence is but contrary to what might seem yᵉ. Compˢ. Opinion four years ago.

It was with hopes of the like Success, which Jñ. Toriano mett wᵗʰ. that I produced yᵉ. Instance of Mʳ. Turner to favour my admission to the Board, I laid before yoʳ. Honʳ. &cᵗ. yᵉ. Consultation of yᵉ. 5ᵗʰ. of Septʳ. 1717 wherein it is expressly said, there being a Vacancy at this board upon Mʳ. Josiah Cookes Resignation Agreed that Mʳ. Frederick, Jennings, Horden, Cooke, Legg, & Fowke & notwithstanding Mʳ. Turner was admitted as an eighth at the same time making it a Standing Rule that when yᵉ. Board was reduced to Seven it should be concluded there was a vacancy wᶜʰ. I take to be yᵉ. plain sence of yᵉ. foregoing quotation. This admission of Mʳ. Turners was two years after yᵉ. Company had wrote out their Sentiments upon which Messʳˢ. Elwick, Benyon & Emmersons Dissent is grounded, Our Hoñ. Masters have not Disapprov'd the Presidᵗˢ. & Councils Conduct in admitting Mʳ. Turner to yᵉ. Board though it before Consisted of seven members and therefore as no dislike is expressᵈ it is to be taken for granted they approve it thô by a tacit approbation for by yᵉ. observation I have made upon their Lettʳ. I perceive they seldom reply to any particulars which are not referᵈ to them for their Opinions or where they do not think fitt to show their Dislike.

The great Concern I have upon me for meeting wᵗʰ. opposition in coming to this Board after yᵉ. repeated assurances I recᵈ. from yᵉ. late Presidᵗ. of obtaining that favour & after all yᵉ. pains I have taken in my Hoñ. Masters service to deserve it will (I hope) plead an excuse for drawing out this paper to so great a length, The principal design of it having been to ward off some Reflections Glancᵈ at me by Mʳ. Elwick, Benyon & Emmerson, in their dissent wᶜʰ. I thought might affect my Character if I remainᵈ silent, & therefore I hope what I have said will be a sufficient defence & preserve me in yᵉ. good Opinion of my Hoñ. Masters, as well as of this Board, wᶜʰ. I shall endeavour to maintain so long as I have yᵉ. Honʳ. to continue in their service against all yᵉ. Detraction of envy; & having at length made an Apology for yᵉ. trouble I have herein given this Board, I shall submitt yᵉ. whole of what I have said with yᵉ. greatest Difference Immaginable to yoʳ. Honʳ. &cˢ. better Judgmᵗˢ. & conclude with assurance that I am through a deep sence of yoʳ. favours ever oblig'd to approve myself

Capt. Wynne Commr. of the Craggs represents that he is in want of Provisions

& That his ship was very much out of repair.

Capt. Wynne Commr. of the Craggs Frigat delivers in a paper wch. is enter'd after this Consultation, alledging that he has not Provisions enough for the Voyage, that the Reason of his Scantyness thereof arises from an unexpected number of Soldiers coming on board him Just before he left the Down's and also from his taking aboard a great number of people at St. Helena, and not being able to procure much at Batavia or the West Coast; Mr. Pyke being sent for was asked concerning these things who reply'd that the Garrison at St. Helena was always stored with a great quantity of Salt provisions sent from England on Purpose to Supply the Shipping that touch'd there and that he got at Batavia what Quantity he ask'd for, and believes he could have procured a great deal more if he had desir'd it, Captain Wynn being present, & having himself confronted, complained that his sails were worn out very much with the excessive rains at ye. West Coast, and being ask'd how many setts of sails he brot. wth. him from England (his Obligation in Charterparty to make all provision of these kinds being shown to him) he reply'd that he had one new sett wch. had never been in the water, Whereupon he was told that the board did not esteem these as other than evasions, & therefore ORDER'D him a 2d. time to get his ship in a Readyness to proceed on the Voyage to the West Coast from whence he should be dispatch'd to Batavia, where he would have an Opportunity to Victuall, & from thence he might go for Engld.

ORDER'D that Messrs. Pyke, Bond, &ct. take a survey & make their report.

ORDER'D that Mr. Pyke, Capt. Bond, Gunnr. Hugonin, Gunnr. Cartwright & David Murray the Gunnrs. Chief Mate here do go on board the Craggs Frigat, to survey her, & that they deliver in a Report of her Condition the next Consultation.

Having seriously consider'd upon my necessity in this Voyage proposed, w^{ch}. is that at our coming out of England the forty Soldiers were put on board just at our coming away, when it was impossible to get a supply of provisions, that number was also Augmented by twenty five persons coming on board at S^{t}. Helena where I could have no recruit likewise, w^{ch}. has exhausted them very much. Then at our arriving on the West Coast, Fort Marlbrô not being in y^{e}. Possession of the English, was obliged to keep them longer on board, by w^{ch}. means am reduced to so miserable a Streight, that I have no more than six weeks provisions on board, M^{r}. Drake was pleas'd to tell me he believ'd he could have twelve Casks ready in Twenty days, but I am fully satisfy'd that the provisions of this Country cannot keep any time at sea & should they prove bad must run the Risque of perish^{s}. by want, & should that happen, it must be a great loss to the Comp^{a}. and the Own^{rs}. besides our own lives. TO THE HON^BLE^. FRANCIS HASTINGS ESQ^E^.
PRESID^T^. & GOVERN^E^. OF MADRASS &C^A^. COUNCIL.

May it please your Hon^rs^. to know that in Obedience to your order and Command we whose names are hereunto subscribed being appointed to survey the Ship Craggs Friggot do humbly Certify that we have surveyed the said Ship within board and without and she appears to us to be a strong new ship and in good order and Condition.

We asked the Carpenter what water the ship made, he said 6 inches in 12 hours we asked him if he cou'd not stop that Leak which let in the 6 Inches water in 12 hours he said he cou'd do it very well but it must be in smoother water than there is here at present here being now too great a swell and he said he did not take it to be a Leak but that the ship wanted Caulking near the waters Edge but her Bottom is tight.

We ask'd him how this Ship came to want so much Caulking he said she lay a long time on the West Coast and Rode out several great storms and that she being a new Ship it was usual for a new Ship to want more Caulking than a ship at a second Voyage. The Carpenter desired us to note it is not usual to fit ships here for a Voyage Home and that this place is not Convenient for it because he must reap off the Cants of the Lower whales to come to the Seam under them and to search the Butts and scarfes of both the Whales & that in all new ships it is necessary so to do or else the Goods will be Damaged.

We ask'd him in how long time the ship could be fitt to take in Goods and have all that work done he spoke of and what other work should be necessary he said in 20 days more but if the weath^r^. were favourable than in 17 or 18 days for he said that work must be done upon a stage we ask'd him if he cou'd not work on a stage now, he desired us to go about the ship in a Boat and see if we cou'd then stand upon a stage. Whereupon M^r^. Pyke desired the Carpenter to go in the Yawl with M^r^. Cartwright and M^r^. Murray who went and look'd at the Ships Whales afore and abaft and when they came in were ask'd if they thought any man could work on a stage in such Weather they said that after the Change of the Moon fairer weather & smoother water might be expected but that the Ship must be lightend more & heeled.

As to the Caulking the ships Decks and her upper works they are about it and seem to work hard but as a new ship does require more Caulking than another ship we believe it may take up as much time as the Carpenter mentions to fit her for a Voyage as she ought to be.

In Testimony hereof we have hereunto Subscribed our names this 25^th^. day of May A. Domini 1720 on Board the said Ship Craggs is [...].

M^r^. Cartwright and M^r^. Murray before the paper was signd desired that it might be added in proper place that this work doing Depends on the fairness of the weather

and, that if done here they do question whether it can be done so secure as it ought to be.

TO THE HON^BLE. FRANCIS HASTINGS ESQ^R.
PRESID^T. & GOVERN^R. OF FORT S^T. GEORGE &C^A. COUNCIL.

The most humble representation of Thomas Blake Commander of the Ship Craggs SHEWETH that as soon as your Hon^r. &c^a. had thought fitt to Confirm him in his Command of the said Ship as Successor to Cap^t. John Wynn Deceasd he repaird on Board and has order'd an Exact Account of all Stores, Provisions &c^a. to be taken that are at present on Board which Accounts are now writing out in order to be laid before your Hon^r. &c^a.

I do also humbly Represent to your Hon^r. &c^a. that not two hours before we sett sail from the Downes we had thirty men sent on Board as Soldiers in the Hon^ble. Companys service wholy unknown and Unexpected by us before they having been shipd on Board another ship; and that because of maintaining them about nine months on those provisions laid in for the Ships Company we have all been Reduc'd to very great Straits.

That during the said nine months many of the said Soldiers fell sick which occasion'd the Expence of most of our medicines and by the blessing of God with very good advantage there having been but one of all the soldiers dyed of sickness during the whole Passage and though we Carried four Chests of Medicines of the Hon^ble. Companys to the West Coast, out of which M^r. Pyke often promised we shou'd be recruted for what our Docter had used for the aforesaid Soldiers and for thirty eight of the Companys Coffree Slaves belonging to their late Settlement at Bencoolen which we took in at Battavia, and though when we came to Moco Moco M^r. Ballet was Informd and seemd sattisfied of w^tt. had been done and told us he wou'd make good M^r. Pykes promise in that particular yet when we had deliver'd those medicines all on shoar (which were the Intire quantitys sent to Fort Marlbrough for the whole West Coast) we coud never gett any Recruit of medicines from the said M^r. Ballet.

That because of the Scantiness of our provissions and the badness of them we have been able to procure abroad the Officers and Sailers on board the ship have made many heavy and not unjust Complaints.

That on our Arrivall here (where we promised our selves and the people all proper redress to those Complaints for their future encouragement) yet the fresh provisions we have been able to procure though the best price is paid for them have been so Extreemly bad that the people on Board have refused to eat them Aledging it to be sickly and infected meat and not better than Carreign; they have throw'd over board several Cows and after some days fasting have killd and eat the Capt^s. Hoggs and after them have fed upon the English salt Provisions, many of them declaring that they were resolv'd not to proceed the Voyage unless a Sufficient quantity of wholsome Provisions were laid in for them.

That since Cap^t. Wynns death in order to pacify the people on Board I have sent off fouls goats &c^a. but to Continue feeding seventy five men on such provisions were an Extravigancy the Owners would never allow it amounting to more than the ships Freight would pay for.

That upon making proof of one of the best peices of meat salted here I find it so eaten up with salt that it will be nothing else in a months space, and have been informd likewise that at least 20 beast may be packed up in one Cask they being so Extreamly small and lean so that I can in no ways rely on those Provisions.

——FORT ST. GEORGE, MAY 1720——

These premises being taken into Consideration I hope your Hon^{r}. &c^{a}. will not Oblige me to take off such salted meat as when fresh the people as above have refused to eat least by any Mutiny or Insurection in the ship we should be obliged instead of prosecuting our intended Voyage to make some fatal Deviation to seek proper food, the unhappy Consequences whereof might reach farther than at first veiw can be Descernd.

As to the fitness of the ship to proceed on this intended Voyage she is a new ship and good yet wants such necessary work to be done to her as may take up time to perform in this Road which because your Hon^{r}. &c^{a}. should be fully sattisfied in and the necessity thereof, I humbly pray you would be pleasd to appoint her to be survey'd least my repeating these repairs should look like an unwillingness to proceed on the Voyage which is far from me.

I hope your Hon^{r}. &c^{a}. will please in a case of so great Consequence to excuse my earnestness in representing a thing which to my weak judgment appears so Obviously to Concern the welfare and Preservation of the ship, so many lives and the Hon^{ble}. Companys Estate I am

——FORT ST. GEORGE, MAY 1720——

To Capt. Thomas Blake
Commander of Ship Craggs Frigat.

We Francis Hastings Esqr. President and Governr. for Affairs of the Hon. United Company of Merchants of England trading to the East Indies &cs. Council of Fort St. George having the 30th. Ulto. orderd your Ship Craggs Frigate to be gott in readiness to proceed from hence to the West Coast of Sumatra and from thence to England and having since receiv'd several papers signd by Capt. John Wynn lately Deceas'd and also one signd by your self wherein your said ship Craggs Frigatt is Represented to be not in a Condition to undertake the aforesaid Voyage in pursuance of our orders by reason of her not being well and sufficiently Victuald and stored and whereas her Commander and part owners have by Charter Party bearing date the 2d. January 1718 obliged themselves to keep the said Ship Craggs Frigatt well and sufficiently Victuald and furnishd with all necessary stores to Enable her to go as well from Port to Port in India as from England to India to be imploy'd in Trade and as in Warrfare if so required by the Hon: Company or their assig[ns] and whereas further more you the said Capt. Thos: Blake have in a paper bearing date the 24th. Inst. represented the Condition of your Ship Craggs to be such (as well with Respect to the ship as her Provissions) as we can by no means think it safe to depend on for the security of the Hon: Companys Estate and for the performance of the intended Voyage, and whereas you have thought fit to excuse your scantiness of Provisions by the Plea of having thirty Soldiers sent on board you unexpectedly in the Downs we think it necessary to tell you that we Esteem it no Plea at all because you had it in your Power to recruit at St. Helena which is a Garrison that is always kept fully stored for the Supply of Shipping and we cannot learn that you had any other Excuse because for making a Deviation to Battavia in your outward Passage than the getting a Supply of Salt Provisions which we are well assured might easily have been procured, and whereas to prevent all delays in our Expedition to the West Coast we have thought fitt to assist you salting of a sufficient quantity of Provisions for your Voyage and have been at a large expence on that Account which Provisions you have nevertheless Rejected and whereas by the report of a survey made and signd by Messrs. Isaac Pyke, Elias Cartwright and David Murray bearing date the 24th. Inst. the said Ship Craggs Friggatt does not appear to be in a Condition to enter forthwith upon her Intended Voyage but will require Considerable time to Refitt; We the said President and Council aforesaid finding our design'd Expedition to the West Coast thereby much Retarded to the very great Detrement of the Hon. Company as well by Loss of time (which may perhaps Occasion the Intire Loss of the West Coast) as by the charge of Demurrage from the 30 Ultimo (being the time when the service of the Craggs Friggat was Demanded for the West Coast) and apprehending severall Losses and inconveniences will accrue to the said Honble. Company by the said ship Craggs Friggat not being in a Condition for our Service, We the President and Council aforesaid do therefore for and in Behalf of the Honble. Company aforesaid Protest against you Thomas Blake Commander of the said Ship Craggs Friggat as also the Charter Party men and the Owners of her the said ship for all Losses and Damages by Demurrage or other ways which the Honble. Company aforesaid may sustain by the said ship not being in a Condition to proceed on her Voyage to the West Coast and home for which a written order was deliver'd Capt. John Wynn the Commander the 30th. day of last month whose Inability to Comply with that order renders this Protest of full force and Vertue from that day. In Witness whereof We have hereunto sett our hands this 27th. day of May one thousand seven hundred and twenty.

Mr. Elwicks proposal of ship^g^. on board the Craggs. 100 Tons of redwood for the Bay [— and Mr.] Drapers ans^r^. twill be dis[advantage on accot. of] Protest given the Capt.

M^r^. Elwick makes a Proposal to the Board of shipping one hundred Tons of reddwood fre^t^. free on board the Craggs frigot for Bengall according to the President & Councils desire in one of their late letters; M^r^. Draper thereupon acquainted the Board, that as the Commander had lately rec^d^. a protest from us, whereby his demorage was taken off, by reason of his ships not being fitt for the Comp^s^. present service. He is of Opinion, the putting any Goods on board her now, would invalidate that protest so far, as to renew her demorage immediately thereupon and consequently would be a considerable loss to the Hon^ble^. Comp^a^. whereas the Reddwood may as well be sent down upon one of the ships expected from England, w^ch^. usually go hence in August or Sept. and will arrive w^th^. them time enô for their Occasions, besides that such a disposition will prevent all cavils and disputes, (w^ch^. otherwise would very probably arise) about the demorage, a point wherein we can't be too cautious, as our Hon^ble^. Masters have particularly expressed themselves in their last letter, w^th^. relation to the Prince Frederick.

AGREED that none of the Comps. Goods are ship'd aboard the Craggs.

AGREED that for the reasons Given by M^r^. Draper none of the Hon^ble^. Comp^s^. Goods be shipp'd on board the Craggs Frigott for Bengall.

ORDER'D to withdraw.

ACCORDING to Agreement in last Consultation the Heads & others of the Chitty Cast who were und^r^. confinement, were bro^t^. before the Board to answer for the crimes of w^ch^. they stand accused; severall Interrogatory's were put to them in order to bring them to some Confession, but they continu'd obstinate, and deny'd their knowing any thing of the matter, whereupon they were ORDER'D to withdraw.

——FORT ST. GEORGE, MAY 1720——

The President then acquainted the Board that upon Revising y^e^. Consultation of the 7^th^. of Febry 1716/17, he finds mention there made of a paper sign'd by the heads of every Cast, (a Copy whereof is entred after y^e^. Consultation) wherein the penalty of desertion is made Confiscation, & the forfeiture of the Hon^ble^. Comp^s^. protection, The President adds that he has made a strict enquiry for that paper, as knowing how much our Hon^ble^. Masters depend upon the force of that Obligation for the good behav^r^. of the people in future (as they have been pleased to Express themselves in their Gen^ll^. Letter the last year) and that he is informed by the Cheif Dubash, that after it was sign'd, it was by himself deliver'd to the late Presid^t^. M^r^. Collet, & what became of it afterwards he cannot tell.

The President informs the board, that he finds in the Cons^n^: the 7^th^. Febry. a paper sign'd by the Heads of the several Casts, wherein the penalty of desertion is Confiscation.

The Chitty's being call'd in again, the Copy of the said paper (as entred after the Consultation afore referr'd to) was shown to them, & they were ask'd if they had not set their hands thereto, w^ch^. all (except one or two) positively denied and being Required to sign it afresh, as the necessary security for their good behaviour, & to clear up all suspicion of their intentions to desert they also peremptorily Refused to Comply, & thereupon they were dismiss'd second time.

A Copy of the sd. Paper shown to the Chitty's and ask'd to sign it who actually refus'd.

The Board at length finding them Obstinate thought it proper to come to some determination concerning them, & after having debated the matter very fully, The Presid^t^. proposed the suspension of the Hon^ble^. Comp^s^. two Chitty Merch^ts^. for the following reasons, Viz^t^.

That the Comp^s^. Chitty Merch^ts^: be suspended the service for the following reasons.

First, Because they stand accused of having formed a design of deserting this Governm^t^. & putting themselves und^r^. the protection of the Portugueeze at S^t^. Thoma, whom it appears by the Vice Roy of Goa's letters to them they invited thither for that Purpose, and as the desertion of the Chitty cast (w^ch^. are commonly Judged to be about half the Inhabitants of this place) would be an undoubted Prejudice to y^e^. Hon^ble^. Comp^s^. affairs upon this Coast, the Chittys (who formed that design) are certainly to be esteemed as enemys to their affairs, & guilty of treachery to them.

First in design^g^. to desert this Governm^t^.

Seconldy, That all treachery in Governm^t^. tends to the subversion of it.

That Treachery in Governm^t^. tends to the subvertion of it.

Thirdly, That they who conspire to subvert & betray a Government are no longer to be trusted in places of Importance to the Governm^t^. but are to be suspected as Traytors to it, & treated accordingly.

That Persons of such dispositions ought not to be trusted w^th^ Imploys of Importance.

M^r^. Elwick then offer'd security for the two Chitty Merchants as far as Ten thousand Pag^s^. for their Appearance 6 m^o^. hence, but being ask'd if he would Sign the Security paper in their behalf aforementioned (w^ch^. they themselves were demanded to sign) and being also ask'd if he would suffer the penalty w^ch^. the Chittys must suffer in case their accusation should hereafter be turn'd into a Conviction, he refus'd y^m^. both; and being told by some of the Board, that the security w^ch^. he offer'd was no more than bail for their Appearance Six m^o^. hence, & that According to the laws of our Nation all Persons taken up upon suspicion of Treason are forthw^th^. Imprison'd without bail or mainprize, M^r^. Elwicks motion was thereupon Rejected.

Mr. Elwick offers security for the two Chitty Merch^ts^.

The Presid^t^. then proceeded to say That as all the Members of the Board in the Consultation of the 25^th^. ult^o^. have expressly said, they were satisfy'd of the good grounds, w^ch^. they had to suspect their Guilt, & in suspicion thereof requir'd them forthwith to give security, that is to say, to sign the paper aforementioned, they Viz^t^. the Chittys by refusing to give such security, of course increase our suspicion, &

The Presid^t^. gives his Opinion that Persons convicted of Treachery in Governm^t^. ought not any

—*FORT ST. GEORGE, MAY 1720*—

longer to be Imployd therein.

therefore he adds that he is of Opinion, no Persons suspected of Treachery to the Hon^ble^. Comp^a^. ought to be Continued in their service till they have given the security requir'd for their fidelity, or till they have wiped off their suspicion by proving their Innocence.

The Members of the board desir'd to give their Opinions seperately.

Some of the Members of the Board differing in opinion from y^e^. rest each person was desir'd to give his Opinion singly, beginning at the Youngest, Accordingly.

M^r^. Draper gives it in the affirmative.

M^r^. Draper declares for himself that as the Hon^ble^. Comp^s^. two Chitty Merchants aforem^d^. were admitted as such in Confidenee of their fidelity, and as the Board have in Cons. the 25^th^. ult^o^. confess'd the good grounds w^ch^. they had to suspect their fidelity, he thinks the said Chitty Merch^ts^. may Justly be suspended from any place of Trust in the Comp^s^. Service untill they have giv'n the Security requir'd, or clear'd themselves.

M^r^. Emmerson in the Negative.

M^r^. Emmerson being next in Course dissented to the Presidents proposal, because he said, he saw no proof come against them.

M^r^. Benyon in the negative.

M^r^. Benyon also dissented, because he said there appeard no positive proof against them, nor any likelyhood of any.

M^r^. Fowke in the affirmative.

M^r^. Fowke declared his assent to the Presidents proposal for the reasons given in favour of it.

M^r^. Cooke in the negative.

M^r^. Cooke gives his Opinion in the Negative, because as we are und^r^. a Contract w^th^. the Merchants for Goods they are (he thinks) sufficiently bound thereby, & therefore we ought not to suspend them, especially since M^r^. Elwick offers to give 10000 Pag^s^. Security.

M^r^. Horden in the affirmative.

M^r^. Horden declares his opinion in y^e^. affirmative, because he thinks there is Just reason to suspect the Chitty's fidelity, & consequently to suspend them.

M^r^. Elwick in the negative.

M^r^. Elwick averrs, that he does not believe there can ever any proof be given of their having been concern'd in the facts w^ch^. they are charg'd w^th^. & that therefore they have not forfeited their Characters as Comp^s^. Merch^ts^.

The Presid^t^. in the affirmative.

The Presid^t^. having first made the proposal of suspending the Hon^ble^. Comp^s^. two Chitty Merchants aforesaid by name Mutta Vincatty Chitty & Tanjee Chitty, and the Voices of all the Members being summ'd up

It was AGREED in the affirmative.

It was AGREED by a majority to suspend them *ab Officio et Beneficio* as Comp^s^. Merchants, and accordingly their suspension was declared.

——FORT ST. GEORGE, JUNE 1720——

To the Hon. Francis Hastings Esq^r^.
President & Governour of Fort S^t^. George &c^a^. Council.

Whereas your Hon^r^. &c^a^. Council have been pleased to cause a Protest to be delivered to me Thomas Blake Commander of the Ship Craggs Frigat by M^r^. Joshua Draper Yo^r^. Hon^rs^. &c^a^, Secretary in which protest I the said Thomas Blake am very much Concernd to find how much your Hon^r^. &c^a^. have been misinformd Concerning the state and condition of my Ship Craggs.

Wherefore in answer to your said Protest I the under written Thomas Blake in behalf of all those Honour^ble^. Gentlemen who are Proprietors and Owners of the said Ship Crags do crave leave to answer as follows.

First as to myself I utterly deny that I have ever delivered in any paper representing the Craggs Frigat not to be in a Condition to undertake her Voyage and do assert that She is well and sufficiently stored with all Tackle apparell and Furniture properly belonging to a Ship but as to Provisions, although she was fully and Compleatly Victuald for the number of men appointed by Charter Party to be sent on Board. yet one of the Hon^ble^. Companys Ships nam'd the Hannover having mett with a misfortune which disabled her direct proceeding on the Voyage, there were thirty men taken out of her and sent on board the Craggs not more than two hours before we said, so that the Complyance with the Hon^ble^. Companys orders therein has Causd us to Expend 9 months Provisions for feeding and maintaining the said 30 men which we have the utmost Reason to expect shou'd be supplyd to us by a Recruit of wholesome and proper Food in India instead whereof very much to my surprize I am served with a Protest.

In which Protest I am sorry to observe you think it is necessary to tell me that obedience to the Hon^ble^. Companys orders in the last mentioned particular about the thirty Soldiers is Esteemd to be no plea at all, because it is there asserted that we had it in our Power to recruit at S^t^. Helena which is a Garrison that is allways kept fully stored for the supply of shipping. To the Contrary whereof I do assure your Hon^r^. &c^a^. that the Garrison of S^t^. Helena was not itself supply'd with such Stores as salted Beef and Pork the Last year from England and those they had remaining of their Old stock was reservd for their Homeward bound shipping who cannot be otherways supply'd because though that Climate is abundantly cooler than this yet from long Experience it has always been found that the Meat killd there cannot be so sufficiently cured and preservd there as to keep above a month or six weeks at the very farthest neither can a Ship outward Bound be permitted according to the Hon^ble^. Companys orders to Continue or stay there Longer than the very time spent in unloading and therefore Consequently cou'd not (though the S^t^. Helena Beef were fitt for salting) have time to salt it and Repack it as ought to be done and at Batavia no such thing is to be procured but by private hands and that with Difficulty but as I myself was then but little on shoare and had not then the Command of the Ship I cannot take upon me to give so exact account thereof.

However I very well remember that when ashoar at Moco Moco Garrison on the West Coast instead of being assisted there as we ought to have been we were not fully supply'd w^th^. Buffelo but were often obliged to Victual our people with Europe salted Provisions, M^r^. Ballet the Cheif there alledging that neither Beef nor Buffelo to Victual the Ship was to be had and that they had difficulty enough to find fresh meat sufficient for the Hon^ble^. Companys Servants on shoar.

And on our arrival in this Port of Madrass we have found the Provisions in the manner Represented to Your Hon^r^. &c^a^. Council in my other paper to which please to be Referr'd.

And whereas Your Hon^r^. &c^a^. are pleased to mention that on a survey made on the Ship Craggs by Mess^rs^. Isaac Pyke, Elias Cartwright and David Murray the said Ship did not appear to be in a Condition to enter forthwith upon a Voyage if you please to Reperuse the Report of that Survey you will find the ship to be a new strong Ship and fitt for service and needing nothing to be done to her but what is Required and necessary for all Ships whatever in the Hon. Companys service that

——FORT ST. GEORGE, JUNE 1720——

have been fourteen months off the Ground and your Hon^{r}. will find farther that the Carpenters proffered to make her fully fitt to take in goods for England in 20 days or less in case the weather permitted which I think was so reasonable Especially when the Charter Party always allows 30 days after a Survey that I did not imagine a protest coud be grounded thereon therefore cannot but think I have the greater misfortune to be protested against in such a manner when I was so ready so willing and so very desireous to perform the Voyage and as I am most sure I am in no unreadiness but the want of necessary Provisions for the ship in the room of those parted with to the 30 Soldiers in Obedience to the Honourable Companys Express orders.

To prevent myself or Owners of the said Ship Craggs having any Loss or Damage thereby, I do hereby in the name and behalf of the said Owners of the Craggs Frigatt and in my own name and behalf Protest against the Hon^{ble}. United Company of Merchants of England trading to the East Indies for all Consequences that do have may or shall happen to proceed from their putting, the before mentiond 30 Soldiers on Board I do also protest against the Cheif and Council of the Garrison of Moco Moco for not fully supplying the ship with fresh provissions during the time he oblig'd us to Continue there which forced us to expend upon our Europe Salted Provissions I do also Protest against the Mess^{rs}. Isaack Pyke, Elias Cartwright and David Murray in case they after they had Surveyd the ship have reported her unfitt to proceed the Voyage being well assured they knew the ship to be a strong good ship and fitt to undertake any Voyage.

And lastly I esteem it my duty so I must ask leave to Protest and do hereby Protest against the Hon^{ble}. Francis Hastings Esq^{r}. President and Governour of Fort S^{t}. George &c^{a}. and his Council for not supplying me with such wholesome and good Provissions as in obedience to the Honour^{ble}. Companys orders have on their accounts been expended for the aforesaid 30 Soldiers here being a Garrison which I have reason to suppose is fully provyded with all necessary Provissions &c^{a}. that may be for the Companys Service.

In Testimony whereof I have hereunto sett my hand this 13. day of June Anno Domini one thousand seven hundred and twenty.

To the HONBLE. FRAS. HASTINGS Esqr.
PRESIDT. & GOVR. of FORT ST. GEOR. &cr. COUNCIL.

HONBLE. SR. &cr.

I shall now ansr. the report of Messrs. Richd. Horden and Thomas Cooke appointed to examine my Accots. and I hope to state matter of Fact in so clear a light as to give Yor. Honr. &ct. a quite different sence of my managemt. but I cannot forbear owning the inexpressible concern, I am under to find so heavy a charge on my Character as is contain'd in this report.

——FORT ST. GEORGE, JUNE 1720——

In its preamble it is said my Diary is very imperfect, and thereby an incapacity is alledg'd of making any discoverys I can only say in ans^{r}. to that, that whatever explanation is demanded, I am in the utmost readiness to make it. But that those acco^{ts}. have been allways wrote in that method and have yearly been transmitted to the Hon^{ble}. Company.

As for the remarks made on my May months Acco^{t}. the Articles w^{ch}. are most particularly excepted against are Raisins, Almonds, and Soy, as for the others, they are char^{d}. at the same rates wth. those provided for Acco^{t}. Fort Marlbrô so that they will fall more properly under notice when I come to treat of the Provisions made for that settlem^{t}.

The prime cost of this Commodity is Pag^{s}. 12¾ ℔ Candy they are charg'd at a higher rate, then those in the West Coast Acco^{t}. the less being so considerable upon their being retailed out in such small quantitys, as a pound or half of a pound. RAISINS.

The different charge of this Commodity proceeds from the same cause. ALMONDS.

This Article is valued by report only at Pag^{s}. 1 and 1¼ ℔ Gallon, I say it cost me one Pag^{a}. and a half ℔ Gallon the same charge has allways been made, and allow'd in all my former Acco^{ts}. w^{ch}. if recourse had been made to those of my Predecessors, will appear, to be under the same charge & I may dare say, the most a stew^{d}. can make on Soy can be but small, even in the greatest process of time (all disadvantages being consider'd) as the charge of Bottles, Corks, Breakage and the like. SOY.

I shall now proceed to ans^{r}. the severall objections given on my Charges on Stores laid in for Acco^{t}. of the West Coast.

BENGALL RICE, is the first article w^{ch}. the report says was worth but 36 Pag^{s}. ℔ Garse as tis more then probable but Pegu Rice may be there meant, for sure I am that I gave to Pattachum and Tonda [*a few words lost*] ℔ Garse w^{ch}. was the then harvest price that any of this sort of Rice could be procur'd at as is evid^{t}. by my engageing in a quantity of above twenty Garse as the same in Comp^{y}. wth. M^{r}. Thomas Theobald and this same sort of Rice has ever since continued rising and is now from 43 to 44 Pag^{s}. ℔ Garse.

FINE RICE 100 Mercaul was bo^{t}. of Annada Mootamarra Cap^{t}. Orrils serv^{t}. to May the 19th. @ Pag^{s}. 64 ℔ Garse thô the report allows but 55 Pag^{s}. ℔ Garse.

PADDY 1 Garse was bo^{t}. of Perra May the 18th. @ Pag^{s}. 22 · 8.—℔ Garse thô the report values it @ Pag^{s}. 19 only.

BENGALL WHEAT 200 Mercaul was bo^{t}. of Shiver Cunda May the 19th. @ Pag^{s}. 45 ℔ Garse, w^{ch}. valued by the report only @ 40 Pag^{s}.

BRAMINY BUTTER 500 Measures bo^{t}. of Comrapa from 8 to 8½ Measures ℔ Pag^{s}. thô the report asserts it to be at a constant rate of nine Measures ℔ Pag^{a}.

KISMASSES were bo^{t}. last Augst. at Cap^{t}. Wottons outcry at the Sea Gate as ℔ his note dat^{d}. Sep^{r}. 1st. 1719 @ Pag^{s}. 31 ℔ Candy I have sold to several @ Pag^{s}. 35 ℔ Candy, and am ready to produce a muster of this sort w^{ch}. (I do not noe) will justifie the reasonableness of my Charge.

RAISINS 1 Candy were bo^{t}. of Nina Chitty May the 19th. @ Pag^{s} 12¾ ℔ Candy thô the report allows them to be worth but eleven Pag^{s}. ℔ D^{o}.

ALMONDS, were bo^{t}. by ord^{r}. of Gov^{r}. Collet last Augst. at Cap^{t}. Wottons outcry at the Sea Gate @ Pag^{s}. 24 ℔ Candy, as appears by his note dat^{d}. Sep^{r}. 1st. 1719 so that the advantage upon this article can be but very inconsiderable and that time must be tho^{t}. the properest to lay in Persia Stores, especially since the dearness of this Commodity was so extravagant in the preceeding year.

CANDLES NOT COURSE The Wax was bo^{t}. on the 12th. day of May @ Pag^{s}. 45 ℔ Candy, so that allowing the loss in its being melted down added to the Cooley hire and other Charges on making Candles the advantage (I hope) will then appear but very small in proportion to what the report speaks.

——FORT ST. GEORGE, JUNE 1720——

BENGALL CANDLES, had the price of that Commodity been more narrowly examin'd into, it would have appear'd to have been nearer eighty then sixty Pag^{s}. ℔ Candy as ℔ M^{r}. Thomas Bulkley's note dat^{d}. May the 12th. and now they are not procureable even at eighty, seventy Pag^{s}. being the prime cost at the Bay.

BATAVIA ARRACK, I know not how to state this Acco^{t}. better than by appealing to the Hon^{ble}. Presid^{t}. whether 40 Pag^{s}. ℔ Leag̃. was not the Prime cost wth. that additional of Leakage, w^{ch}. amo^{ts}. to at least Pag^{s}. 2 more ℔ Leag̃. so that I cant but appear to be a very heavy looser of @ least Pag^{s}. 240 w^{ch}. consideration, I could not but have hoped might have had some weight even thô. I had exceeded the markett price, w^{ch}. therefore I begg may be referr'd to M^{r}. Francis Hugonin, and likewise produce a note sign'd by Lewis Melicque w^{ch}. testifyes the same.

As for those Articles of Pickles, Glass ware, Ectra, &c^{t}. w^{ch}. are only suggested to be amiss, I shall only say that most of them are not provided by me but that I beleive them agreable to the Markt price otherwise I should not have inserted them in this Acco^{t}.

I have now laid before yo^{r}. Hon^{r}. &c^{t}. a very impartiall state of my proceeding for w^{ch}. I referr to the notes of Paym^{t}. or rather to the Merch^{ts}. themselves that I cannot but think the advantage must appear very inconsiderable when proportion'd to what the report observes, especially when you will please to reflect on the large sum of above fourteen hund̃. Pag^{s}. and the time since it was advanced and I hope I have not been wanting in my duty as to my care and pains in making the Provisions, since some sort of the stores lay'd me under some difficultys to procure them I say I hope these considera̅. will influence Yo^{r}. Hon^{r}. &c^{t}. to entertain a more favourable Opinion of me, that I have studied the Interest of my Masters as far as reason and Justice to my self permitt, and have in every respect acted as becomes

To the Hon^ble. Fra^s. Hastings Esq^r.
Presid^t. & Gov^r. of Fort S^t. Geo^r. &c^a. Councill.

Hon^ble. S^r. &c^a.

Having in obedience to your order attended this Board in Consultation the 27^th. ult^o. your Hon^r. &c^a. were pleas'd to demand the occasion of my coming hither from Moco Moco and acq^ted. me w^th. the heavy charge w^ch. Mess^rs. Pyke & Willy had preferr'd ag^st. me referring me at the same time to your Secretary for an acco^t. of the perticulars incerted in a Diary deliverd in by the former and a Gen^ll. Letter transmitted hither by the latter. Upon perusall thereof I find myself charg'd w^th. crimes of so gross a nature w^ch. (were I guilty of 'em) would entitle me to the worst of punishm^ts. but as I am conscious to myself of being wholly innocent ther[e]of I shall proceed to make my defence in the best manner I am able having extracted the severall parts of my accusation from the Diary and letter beforement^d. and rang'd them methodically into distinct articles that the whole may appear in a clear and regular View.

M^r. Pyke in the 62^d. par^h. of his diary after a heap of scurrilous Invectives (agreable to his Rhodomantada way of writing) possitively affirme that I had a design to make up all the acco^ts. of Moco Moco Factory for w^ch. I had Charg'd the Company so much money by setting fire to it & going away to the Dutch at Pedang appealing for the truth thereof to a letter transmitted hither by M^r. George Willy late of Councill there; upon perusal of that Letter I find much the same accusation and am very well pleas'd to find also its author w^ch. is M^r. Lewis Deane so that by M^r. Pyke's reference to M^r. Willy and M^r. Willy's appeal to M^r. Deane I have at length trac'd out the author of this Accusation; In order then to prove that M^r. Deny's to have laid any such thing to my charge beg leave to recite a part of a Consultation held at Moco Moco the 8^th. March Last relating to that particular w^ch. is as follows:—

And Whereas M^r. Geo^r. Willy still persists M^r. Deane did tell him in Sept^r. last that the Cheif Councill &c^a. Civil power were all agreed to sett fire to the Paggar and go to the Dutch at Padang, M^r. "Deane in Vindicat. of the Cheifs reputation make "Oath that he never made any Such Proposalls, but on the Contrary says he has "often heard him declare to maintain the Companys Factory whilst his mony lasted "and provisions were procurable and for further security find out a Peon at his own "cost in order to be sent to Pedang for supplys and did write a Letter to the Gov^r. "and Councill there which M^r. Deane was to have been bearer of but he was "unfortunately cast away at Manduta Barr and the Prow stav'd, better that this "examinat^n. was made into at the first repealing but nothing of fact could be "prov'd.

I hope this recital will be sufficient to clear my Innocence in the perticular to which it relates.

I shall now proceed to the next article which is reflecting on the Government of Fort S^t. George and how this can ever be imagin'd ag^st. me I can't conceive after they had conferrd upon me the Cheifship of the Hon^ble. Companys affairs on that side preferable to M^r. Pyke himself.

As to the Confining Cap^t. Wynn he himself has declar'd to the contrary in his Letter to his Officer which M^r. Pyke did not think fit to take notice of in his diary.

——*FORT ST. GEORGE, JULY 1720*——

As to the firing two guns at Mr. Pykes boat it was only to bring 'em too having occasion to talk further wth. him before he went on board and that is the usual signal in such cases.

As to my being interrested wth. the Councill in purchass. Mr. Pykes things I intirely deny it but am apt to beleive Mr. Pykes attornys may not have dealt so well by him as he expected and he is willing to lay the blame on somebody.

As to my having defrauded the Compa. in the Buildings at Moco Moco It is a false and malicious aspersion and how Mr. Pyke could be a judge by staying there so little a while without the inspection of the accots. or any thing else that could give him any light into that perticular I can't comprehend, He says they cost the Compa. 27000 dollars I herewth. deliver your Honr. &ca. an accot. of their cost wth. a draught wch. amounts to Dollars 15000 to the last of April 1719 and abt. 2000 dollars since were spent in additional buildings, so that in this perticular Mr. Pyke has falsely accus'd me in no less than 10,000 dollars.

There are several other perticulars here and there in Mr. Pykes diary wch. I have not perticulariz'd in this paper for fear of being too tedious and troublesome to your Honr. &ca. and they are glanc'd me under the word they mean yt. I suppose myself and Councill, whom he terms myself and my accomplices.

I hope Your Honr. &ca. by what I have here said and what I can offer further will fully be convinc'd of my innocence in every perticular wth. wch. I am (I think) unjustly charg'd and If so I humbly desire I may have such satisfaction made me by Messrs. Pyke & Willy as your Honr. &ca. shall think a just reparation for all the damages I might possibly have sustain'd by the loss of my Charactor, the distruction of which tis evident Mr. Pyke has aim'd at, I think myself happy in having Yo. Honr. &ca. for my Judges in these affairs being satisfyd of your impartiality and whatever you determine concerns. them will be a full satisfaction to him who is wth. all possible Respect.

Messrs. Horden & Cooke deliver in their observatis. on the Stewards reply.

Mess^{rs}. Horden & Cooke deliver into the Board their observations upon the Stewards reply to their examinations of his acco^{ts}. the said paper being read was order'd to be enter'd after this Consultation and M^{r}. Drake Steward was call'd in who appearing before the board was ask'd what further he had to offer on that occasion, He endeavourd to excuse himself by pleading that he had been oblig'd to Issue out his own money for provission of dieting stores for the Companys use and that he thought some allowance might reasonably be made him for the Interest of his money and for Losses w^{ch}. he might sustain by Waste.

M^{r}. Cooke the Paymaster then assur'd the board that he never refus'd to advance the Steward money when he came to demand it, M^{r}. Drake then urg'd that the exorbitant charges in his acco^{t}. (as we term'd it) were but agreable to what his Predecessors had made and such as himself had also made during the whole time he had acted in the Stewards Employ. Mess^{rs}. Horden & Cooke according to promise in their paper before mentiond then made a recapitulation of all the Facts charg'd by them upon the Steward in their report of their examination of his acco^{ts}. and it appeard thereby that the Steward had Charg'd from 50, 60, & 70 to 100 ℔ Cent upon most of the articles by him provided w^{ch}. we beleive Our Hon^{ble}. Masters will think a very extravagant Int^{t}. for less than a months use of money and It is to be noted that the reason of the Stewards being that time out of money was the Paymaster's having an Order from the President not to pay the Stewards bill for the West Coast provisions because that bill was then under examination and he did not know but that the board might think fit to order such a deduction to be made out of the said bill as should be judgd equivalent to the exorbitancy of the several Charges and a suff^{t}. satisfaction for the same.

The Presid^{t}. proposes M^{r}. Geo. Drake be dismissd from the Stewards Employ.

The President acquainted the board that as for refunding any part he was willing to use some Lenity towards time and was therefore desirous of referring that matter to our Hon^{ble}. Masters but that as they have sent us such repeated Complaints of the excessive charge in the Stewards Accounts, and press'd us so frequently and earnestly to retrieve as much as lies in our power he thinks he cannot take a readier method to do it than by dismissing M^{r}. Drake from the Stewards Employ for his exorbitant Charges and unwarrantable management in it and to place some person of Integrity in his room wth. a strict Injunction to retrench the Expences as much as possible and he assures the board that he himself will have a very strict Eye over his management.

M^{r}. George Drake dismiss'd the service.

The Presidents Proposal, and his reasons, being some time debated, It was at length unanimously AGREED to dismiss M^{r}. Drake from the Stewards Employ and that he should get ready his acco^{ts}. and Every thing under his Charge to be deliver'd over at the end of the month to such Person as the board should Constitute Steward in his room, M^{r}. George Drake being then call'd in, the President acquainted him wth. the determination of the board concerning him.

M^{r}. Nathaniel Elwick delivers in his paper of dissent to the present Establishm^{t}. as also M^{r}. Benyon.

M^{r}. Nathaniel Elwick delivers in his paper of dissent to the present establishment of the board as mentiond in Consultation of the 11th. ins^{t}. (and enterd after this) M^{r}. Benyon began to be of the same opinion and desir'd the liberty of delivering in his dissent also to be enterd after this Consult. w^{ch}. was granted, Mess^{rs}. Draper & Wright finding themselves Chiefly aim'd at by Mess^{rs}. Elwick and Benyon in their dissentions and wondering that they should stickle so hard to get 'em excluded from

the board, whose continuance at it, could be no manner of disadvant^{a}. to the Companys affairs, desird the liberty of delivering in Writing some arguments by way of refutation to those of Mess^{ss}. Elwick and Benyon in order to be enter'd after this Consultat^{n}. w^{ch}. Liberty was granted them.

Mess^{rs}. Draper and Wright desires the liberty to deliver in their remonstrance by way of confutation to Mess^{rs}. Elwick and Benyon.

M^{r}. Isaac Pike delivers in a remonstr^{a}. by way of objection to M^{r}. Ballets ans^{r}. to his Charge the same being read it was order'd to be enterd in our copy book of Letters rec^{d}. but some expressions therein being thought to reflect very much upon one of the members of this board M^{r}. Pyke was Question'd concerning them but giving no satisfactory ans^{r}. and behav^{g}. himself in a very unbecom^{g}. manner before the board he was order'd by the President to withdraw and the board agreed, to deferr taking any more notice of it untill the affair between him & M^{r}. Ballet should be determin'd on a day to be appointed for that purpose that he might not have it in his power to say he had been browbeaten or intimidated by us at a time when he was giving in informations of wrongs by him suppos'd to have been done to Our Hon^{ble}. Masters.

M^{r}. Pyke's objection to M^{r}. Ballets ans^{r}. to his Charge read.

Cap^{t}. Errington Commander of Ship Godfrey delivers in his report of the Condition of his Ship as enterd after this Consultation setting forth that his ship will be ready to take in the Companys goods for Europe in twenty or thirty days if necessary provisions for such a Voyage are procurable, Upon w^{ch}. the President acquaints the board that the Captains of the Duke of Cambridge & Mary had promis'd to spare him some of their Europe provisions w^{ch}. with what may be procurd here will be sufficient for his Voyage. AGREED that 20 Tuñs of Cowrys be put aboard the Godfrey and that she be loaden with all convenient speed in order to sail in Company wth. the Hanover for Great Brittain.

The Condition of ship Godfrey deliver'd in.

That 20 Tons of Cowries be put aboard the Godfrey that she be laden wth. all convenient speed.

The President likewise acquaints the board that by a Note rec^{d}. by a Cattamaran from a Ship in S^{t}. Thoma road w^{ch}. arr^{d}. there the 13th ins^{t}. he finds her to be call'd the Ostend Gally under Emperors Colours, That therefore to prevent as much as in us lyes their doing in considerable business in these parts he has summon'd all the Black Merch^{ts}. and Principal Inhabitants to attend, who being call'd in he declar'd to them that whosoever is found to trade directly or indirectly or hold Any manner of Correspond^{ce}. wth. them or their Agents shall have their Estates confiscated and their persons imprison'd for life.

The Presid^{t}. acquaints the board that the Ostend Galley is in St. Thoma Road and that he had summon'd the black to appear and prohibited them upon penalty of confiscation to have any manner of dealing wth. them.

Our Hon^{ble}. Masters having sent out this year a Commission appointing the Presid^{t}. Mess^{rs}. Jennings and Elwick extraord^{ry}. Hon^ble. S^r. &c^a.

The last Consultation after some affairs were transacted by the board The Hon^ble. President was pleas'd to propose the settling the several employments upon w^ch. I reply'd that I thought the Councill should be first fix'd before their Employs. Whereupon he was pleas'd further to say that as the Council then sat they were but ten in number and that he had known as many formerly to sit at this board. But as Our Hon^ble. Mast^rs. are pleas'd to reckon them We number Eleven. M^r. Jennings being second of this place thô at Fort S^t. David, 'Twas further urg'd by the Hon^ble. President that M^r. Draper is going Supravizer to the West Coast and 'tis but few days that he wil sit here, I presume that cannot be his real sentiments but that his Opinion must be alter'd as to that affair, I observ'd him sure of his Point and ready to put it to the Vote and 'twas accordingly done, and carried Upon w^ch. I desir'd leave to enter my desent, And tis my real Opinion that a greater number of Persons than what is mention'd in the Comission cannot act by virtue of that Commission, and that to bring in one member to the board is a breach of our Hon^ble. Masters Possitive orders as doth plainly appear in the Generall by the Mary.

Your Hon^r^. &c^a^. doubtless remember that when I sign'd the Consultation wherein it was determin'd to continue M^r^. I did for the reason w^ch^. is laid down that there would be a vacancy when M^r^. Draper went to the West Coast and w^ch^. it was alledg'd in the debate would reduce the board to 9 The Number nam'd in the Commission for constitut^s^. the Gov^r^. and Council of this place and that the Dep^ty^. I thought it necessary to lay this before your Hon^r^. &c^a^. that it might be enterd upon the Consultation book and serve as no excuse to my Hon^ble^. Masters for assent^s^. to an act it is possible they may deem contrary to their Intentions If not their orders. I am always

——FORT ST. GEORGE, JULY 1720——

To the Honble. Fras. Hastings Esqr.
Presidt. & Govr. of Fort St. Geor. &ca. Council.

Honble. Srs. &ca.

According to the liberty granted us in Consultn. the 14th. instant of giving in our reply in Writing to Messrs. Elwicks & Benyons Papers of dissent to our Continuance at the board We now beg leave to lay before Your Honr. &ca. our sentiments on that occasion.

In the Commission lately arriv'd for establishg. the President and Council of this place We find the following persons nam'd The Honble. Fras. Hastings Esqr. President, William Jennings Esqr. Deptv. Govr. of Fort St. David, Messrs. Elwick, Horden, Fowke, Turner, Turton, Benyon & Emmerson of Council which are eight persons including the Presidt. appointed Members of this board besides the Deptv. Govr. of Fort St. David, When Our Honble. Masters sent out that Commission they suppos'd Mr. Thomas Cooke to have been at the West Coast and that is doubtless the reason why he was nam'd in the aforesd. Commission And as It has been always accustomary for any member of this board sent from hence to that place to preserve his title nevertheless to this Station at this board, Our Honble. Masters have acted conformable to that Custom in nominating but eight Persons at the board and thereby leaving a vacancy for Mr. Cooke agst. his return from the West Coast.

From what we have said we presume it will be granted that the Company did intend their President and Council here should consist of the eight Persons nam'd in the sd. Comisn. and that When Mr. Thomas Cooke return'd from the West Coast he sho'd make up the number nine and that besides them Mr. Jennings should be Deptv. Govr. of Fort St. David wch. is exactly agreable to the Establishment made when Mr. Harrison was apptd. Presidt. here.

Having at length wth. submission to Your Hon. &cas. better Judgements made good our Argument that Our Honble. Masters did intend that board should consist of nine members We desire to observe to your Honr. &ca. how the number has been decreas'd and how supply'd, After Mr. Drapers admission as a member it consisted of eight Persons (Mr. Turton being order'd away to the West Coast as Supravizor) upon Mr. Turtons death (wch. hapd. just after) Mr. Draper was apptd. Supravizor in his room The board then was reduc'd to seven members and by Mr. Wrights admission it increas'd to eight, Upon Mr. Turners arrival the number arose to nine, and tho' there are now ten Persons sitting at this board the Supravizors Departure wil reduce that number to nine wch. (We think) we have prov'd to be the number intended by Our Honble. Masters to set as Members of this board and therefore of Course We have prov'd that the prest. Establishment is agreable to their intentions.

The strenuous opposition made by Messrs. Elwick & Benyon at the admission of both of us to this board grounded upon an order (wch. has been prov'd to be no order at all) would affoard some reason for people dispos'd to Judge less Charitably than ourselves) to think it proceeded from Picque and Prejudice to our persons and their late proposition of reducing the board (whereby we ourselves should have been excluded) would give such uncharitable People more Opportunity to think it proceeded from that Motive But unless it behoves us not to be of such an opinion because they have more than once declar'd that they are not mov'd to any dissuation by a spirit of opposition Contradiction or any thing else, but by a sincere regard to the Honble. Companys Interest accords. to the best of their abilitys. We are wth. the Greatest Esteem

The President acquaints the board that M^{r}. Elwick having press'd him to release the Chittys on pretence of wanting 'em at sorting He call'd this Consultation on purpose to reassume that affair Having receiv'd three Letters from Goa whose Contents may probably make us come to some determinat^{n}. The said Letters are as Follow.

The Presid^{t}. acq^{ts}. the board that Mr. Elwick has several times importun'd him to release the Chittys Lett^{rs}. produc'd that came fro. Goa on that Occasion.

One from the Vice Roy of Goa to the President.

One from his Prime Minister to d^{o}. & One from the Vice Roy to Mons^{r}. S^{t}. Hillair all which being read are orderd to be transmitted to our Hon^{ble}. Masters together wth. those before receiv'd from Goa on that Subject.

w^{ch}. are ORDER'D. to be transmitted to Our Hon^{ble}. Masters.

By the Vice Roy of Goa's Letter to the President it appears, that he's willing to conceal as much as possible the Chittys, and his own design, By his principal Ministers Letter to the President it appears, that he has also endeavourd to stifle the matter By writing in dark, and obscure terms, and both these Letters seem to have been contriv'd and drawn up together, for fear of contradicting each other in so nice an affair, as the endeavour^{s}. to wipe off the impressions we had rec^{d}. of the Chittys and their treachery to this Government: But we cannot at all think ourselves oblig'd to reguard the purport of those two Letters, because it can't be suppos'd, that the Vice Roy of Goa & his Prime Minister, would be engag'd in a Combination wth. the Inhabitants of this place to prosecute a design, w^{ch}. might tend to the distruction of it, and then make an ingenuous confession of their whole proceeding; The Vice Roy of Goa's Letter to Mons^{r}. S^{t}. Hillair (between whom there has been a very great Intimacy) is the Letter then to be reguarded in this case; For tis very reasonable to suppose that the Vice Roy might communicate the real matter of Fact to his intimate Friend, and at the same time be cautious of making such a Confession to the Govrn^{r}. of a place whose Government he had endeavourd to subvert for fear of bringing himself in trouble, and Disgrace; The Purport of the said Letter being very strictly examin'd into, The following expression was remark'd. The Letter w^{ch}. he (meaning Francisco Perrera Boury) "brôt me; wth. the procuration of the "Chittys of Maddrass, as well as the Attestation of a religious Augustine (who "without doubt has abundance of Merrit) have brought me into a Labyrinth" By this Letter (which is what we are to depend upon) it appears, that the Chittys did send a procuration, or Letter of Attorney to the Vice Roy of Goa, in order to c[arry on] Criminal Correspondence wth. him as in former Consultations was s^{d}. to have been Charg'd upon them.

An Allution on the Vice Roy of Goa's Letter to the Presid^{t}.

The Opinions of all the Members of this board having been ask'd, and seperately given, It was at length put to the Vote, whether the Chittys had not been guilty of the severall Facts charg'd upon them, and whether they had not been justly imprison'd, and suspended, w^{ch}. being carried in the Affirmative, Mess^{rs}. Elwick, Benyon & Emmerson declar'd their desent.

The opinion of the Memb^{rs}. being ask'd twas put to the Vote whether the Chittys were not guilty w^{ch}. was carried in the affirmative but Mr. Elwick, Benyon and Emmerson disent'd.

——*FORT ST. GEORGE, JULY 1720*——

The Presidt. acquaints the board of the remissness [of Mr. Elwick] in his business.

The President acquaints the board that Mr. Elwick the Warehousekeeper has been very remiss in his business in not having given in any accot. of the Contract ever since 'twas made and in not having sorted any Quantity of Cloth since the Dawsons dispatch Thô out of a perverse, Obstinate Humour, he press'd him once, or twice while the Merchants were confin'd, for their releasement, in order to go to sorting. Whereupon Mr. Fowkes assur'd the board that he remember'd the imprisoning of Colloway Chittee (one of the Honble. Companys Merchants) during the time of sorting; Mr. Elwick finding his plea for not sorting, prov'd to be nothing else, but an excuse for Idleness, began to be much enrag'd, and told the President that it would draw very strainge storys on the Stage, and that the consequence must take its course desiring those words might be minuted *verbatim*, to wch. the President made no reply, but ORDER'D the Secretary to minute them accordingly.

As to fixing the price of the silver ℔ the Duke of Cambridge in Consultation dated the [*Lacuna*] at 15¼ dollars ℔ 10 Pags., I intirely deny that I agreed to sell the said silver at said price but that all opportunitys of advantage should be taken, and none to be sold at greater disadvantage to the Company, Urging that as the price of silver then Govern'd it being at 14½ I thought 14 $\frac{2}{16}$. the difference might be sufficient to enforce the sale for as much as w[e] could want to dispose of, and my reasons then Given were, That our Merchants would with pleasure receive Silver for their Goods at the market price when such goods came due and payable for. I further urg'd that bringing such a Quantity of silver to market must differ the price considerably, Therefore I thought the best method could be taken with it was to give daily attendance at the Godown, and the Merchants to purchase it as they wanted it rather than to force the sale, The Honble. Company then having a flowing Cash.

Then the Prisoner Righting told him If he had no more than three fanams he would give him more. If he would go with him to the Gov^rs^. Garden, but instead of carrying him thither, they led him to another Garden near the Choultry where he afterwards heard him cry out, The Dubash further deposes that when he would have follow'd them they shoved him and bid him be gone, and as he was going away he saw Righting take the Club from Grott. The Hon^ble. Compy. ordering Mr. Duncan Munro as Cheif Surgeon of this Garrison

The Hon^ble. Company having in the 85^th. Parrag^h. of their Letter by the Duke of Cambridge appointed M^r. Munro Cheif Surgeon of this Garrison on the 1^st. Vacancy in that Post and M^r. Robson being lately dec^d. Whereupon the said M^r. Munro was admitted as youngest Surgeon

Order'd he do now take place accordingly.

Order'd that he do now take place as Cheif Surgeon of this Garrison according to the Hon^ble. Companys directions.

The Compy. disaprovs. of entertaining any servts. in India

The Hon^ble. Company having also in the 107^th. Parrag^h. of the same Letter disapprov'd of our Entertaining Dan^l. Taudin & Edmund Massey and possitively declar'd that they will not have any persons admitted into their service but such as they send out

Order'd that Geo^r. Toriano and Nathaniel Ross taken in as Factors be dismiss'd.

Order'd that George Torriano (who was taken in as a Factor for 3 Years) and Nathaniel Ross who was taken in as a Factor for the West Coast be dismiss'd from the Hon^ble. Companys service Edm^d. Massey having been before discharg'd and Daniel Taudin laid down & gone to Bombay.

M^r. Elwick dissents to the dismissn. of Geo. Toriano.

M^r. Elwick then dissented to the dissmission of M^r. George Torriano from the Hon^hle. Companys service, He said that matter had been referr'd home and We could not yet have an answ^r. to it, but the sence of the parrag^h. aforenam'd being thought to extend to all persons admitted into the Hon^ble. Comp^as. Service here as well as to Mess^rs. Taudin & Massey It was judg'd proper to enter a Copy of it w^ch. is as follows:—

Parr^th. 107. "We have consider'd the clauses o your Letters about entertaining Daniel Taudin a Factor & Edw^d. Massey a Writer & approve of neither We will have none taken in but such as we send out. It discourages them to have others put over their heads Wherefore lay them aside."

M^r. Nathaniel Elwick proposes that that pt. of ye. Govrs. Commissn. relatg. to ye. enquirey into Govr. Collets managemt. be publickly read in ye. Town hall.

M^r. Nathaniel Elwick proposes to the board that that part of the Govern^rs. Commission w^ch. is call'd a Commission of Enquiry for the examining into the severall mismanagem^ts. suppos'd to have been done by M^r. Collet, should be read in the Town Hall publickly for the Information of all the Inhabitants.

The proposal debated.

The said proposal being debated It was argued that the Commission of Enquiry was order'd to be read & proclaim'd in the Town hall upon supposition that M^r. Collet was himself upon the spott as a preparatory solemnity to our Examinat^n. and enquiry into the several Facts charg'd upon him by M^r. Frederick but that as he was not upon the Place to ans^r. for himself We could not by any means think it proper to exhibit such a Charge and therefore of Consequence 'twould be to no purpose to publish to the world that we had a power w^ch. the Circumstance of M^r. Collets departure prevented us from making any use of and the case is the same w^th. respect to the Powers Issu'd out of Chancery.

It was urg'd the Commissn. has been allready read in the Cons. room.

It was further argued that the said Commission (in w^ch. the Commission of enquiry was incerted) had been publickly read in the Consultation room before the Hon^ble. Companys servants both Civil & Military as well as the Inhabitants of the Place just after it was receiv'd, and that was judg'd sufficient.

M^r. Elwick insists. still upon the Execution of it.

M^r. Elwick nevertheless insisting upon the immediate Execution of his proposal it was then put to the Vote and rejected by every one but himself.

——FORT ST. GEORGE, AUGUST 1720——

Mr. Elwick proposes that the immunitys granted. the Inhabitants be affixd at the Sea Gate. But the Board refus'd to comply wth his proposals.

Mr. Elwick then propos'd that that part of the Honble. Companys Letter by the Duke of Cambridge relating to the immunitys lately granted by them to the Inhabitants should be affix'd at the Sea Gate. But the Honble. Company havs. strictly enjoyn'd us to keep their Letters as secret as possible instead of exposing them at the Sea Gate The board did not think fit to favour Mr. Elwick's Motion for that Reason.

MONDAY YE 8TH. In ye. morning.

The Presidt. acquaints the Board that he has call'd this Cons. on extraordinary Occasion that is to lay before them a declaration of the repeatd. affronts he has rec'd from Mr. Elwick as also his incapacity for the Comps. business.

The President acqts. the board that he has call'd this Consultation on a very extraordinary occasion in ordr. to lay before us a declaration concerning the Repeated affronts that he had receiv'd from Mr. Nathaniel Elwick a member of this boar'd and also his Incapacity for the service of the Honble. Company. The said Declaration being read before the board (as enter'd after this Consultation) and Duly Consider'd Mr. Elwick was ORDERD to withdraw In pursuance of the Honble. Companys orders that no membr. of the board should Continue sitting while such cases relats. to himself were examining.

Mr. Elwick ordd. to wth. draw.

The Presidts. Declarati. maturly consider'd and most of the Members Agreed to the truth of the several Articles alledg'd agst. him.

Mr. Elwick being withdrawn the Presidents Declaration was more maturely consider'd and most of the Members of the board AGREED that one or other of them was assur'd of the truths of all the Facts Charg'd on Mr. Elwick by the President in relation to his behaviour at this board as well as in the Place.

The Facts to prove his incapacity was then consider'd, whereupon Mr. Draper delivers in a paper (as enterd after this Cons.)

The Facts alledg'd to prove his Incapacity were then Consider'd and thereupon Mr. Draper deliver'd in a report (as enterd after this Consultation) was read and observ'd to prove one Article of Mr. Elwicks remissness. All the other Instances of his Negligence were well enuff known to most of the Members of the board & therefore did require no further Proof.

The Presids. resolution to sitt no longer at the board if Mr. Elwick continu'd.

The Latter Clause of the Presidents Declaration was then Consider'd wherein he pleas'd to publish his full resolutn. to sit no longer as President at this board If Mr. Elwick should continue a Member of it.

References had to the Comps. Letters to find out an Instance of the like nature, but no were to be found. The Presidt. desires ye. Opinions of the board whither Mr. Elwick had not incurrd suspension.

Upon recourse to the Honble. Companys Lettrs. in order to find out some directions in such out of the way cases, no such appear'd and therefore We judg'd it a Case of an Extraordinary nature, We observ'd however yt. suspension (in severall paragths.) is made a Penalty of a refractory disorderly behaviour as well of Negligence & remissness in business. And apart of the 4th. Clause of the 109th. parrh. of the Letter by the Duke of Cambridge referring thereto; The President desir'd the Opinion of the board If Mr. Elwick has not incurr'd the Penalty of Suspension.

——*FORT ST. GEORGE, AUGUST 1720*——

The Matter being debated for some time The Board thought fit to come to the following agreement. The matter for some time debated.

That as Mr. Elwick on acco^{t}. of his refractory, disorderly & Insolent behaviour to the President has most Justly incurr'd the Penalty Order'd by Our Hon^{ble}. Masters to be Inflicted in such cases as well as on acco^{t}. of his negligence & remissness in his business (w^{ch}. penalty is no less than suspension) and as the Hon^{ble}. President has been pleas'd to put the matter upon so important an Issue as to declare to us all that he will not sit any longer as President, If Mr. Elwick is continued at this board, We think ourselves under a necessity of suspending [Mr. Elwick who has been guilty of remissness in his Business as well as of indecent behaviour to the President and to the rest of the board rather than to part] wth. the President who has so long suffered Mr. Elwicks Insolence & pass'd by his Remissness as well as behav'd himself to us all, with. the Greatest Candour, Mildness, & decency Imaginable. It is therefore The Members of the board think themselves obligd to suspend Mr. Elwick upon y^{e}. result of the Presid^{t}. in asserting in a most possitive manner y^{t}. if Mr. Elwick continued at the board, to sitt no longer as Presid^{t}.

Agreed & Resolv'd that Mr. Nathaniel Elwick be suspended forthwith from the Hon^{ble}. Companys Service (*Officio et beneficio*) till the Hon^{ble}. Comp^{as}. Pleasure can be known concerning him. therefore Agreed & Resolv'd to suspend Mr. Nathaniel Elwick till the Hon^{ble}. Comp^{s}. pleasure can be known concerning him.

As Every member of the board was allowed to give his opinion on this as well as on all other occasions very freely Mess^{rs}. Turner & Benyon Declar'd that they could not agree to suspend Mr. Elwick Because they thought the Hon^{ble}. Companys orders did not allow of a sufficient Latitude for so doing Althô they could not but Confess that he had not behav'd himself to the President so respectfully as he ought to have done. Mess^{rs}. Turner and Benyon dissented.

There being a Vacant post, by Mr. Elwicks Suspension The Employm^{ts}. of the Council were settled In the following manner—Mr. Richard Horden Accomp^{t}.; Mr. Tho^{s}. Cooke Warehousek^{r}., Mr. Randal Fowke Sea Cus^{r}., Mr. Nath^{ll}. Turner Paym^{r}., Mr. Rich^{d}. Benyon Land Custom^{r}., Mr. John Emmerson Storekeeper, Mr. Joshua Draper Rentall Generall & Scavinger & Mr. Tho^{s}. Wright Receiver. The Imploym^{ts}. of the Council reestablish'd from the vacancy Occasion'd by Mr. Elwicks suspension.

Orderd that Mr. Elwick do resign all the books & papers in the Accomp^{ts}. Office to Mr. Horden and the Import Warehouse to Mr. Cooke. That Mr. Elwick surrender the Accomp^{ts}. Office to Mr. Horden & the Imp^{t}. Warehouse to Mr. Cooke.

The Purport of Mr Drapers rep^{t}. ment^{d}. in the foregoing p^{t}. of this Consult^{a}. being ag^{n}. Considerd Ord^{n}. that the Secretary do collect in the debt w^{ch}. has been so long due from the Old Farmers of the measuring Duty amo^{ts}. to Pag^{s}. 170 : 30 & pay the same into Cash. The purport of Mr. Drapers report considered Order'd the Secry. collet the debts due fro the old measuring Farmers amount^{s}. to Pag^{s}. 170 : 30.

A petition in the behalf of the Owners of Ship Ann read (as enter'd after this Consultat^{n}.) desiring that the produce of the China Junk and Cargo that were sold here some time since may be paid them w^{ch}. is ord^{d}. to be done Agreable to the Hon^{ble}. Comp^{as}. ord^{rs}. in their Letter by the Duke of Cambridge. A petition in relation to the Owners of Ship Ann read as enter'd after this Cons.

A Declaration made by Francis Hastings Esq^{r}. Presid^{t}. to rest of the Council in Consultation the 8th. day of August 1720.

Gentlemen,

As you must all be (doubtless) sensible that the design of our Constant assemblys here is to Consult wth. each other about such measures as are most proper for advancing the Interest of our Hon^{ble}. Employers You must likewise be sensible that nothing can contribute so much to the enabling us to think and to act What is most for the advancement of their Interest as to think and to act wth. Mildness Calmness and Moderation and in order to this a decent modest behaviour and a becoming difference and respect to myself as President and to each other (which will always preserve Decorum) are of absolute necessity.

But instead of meeting wth. such a behaviour from the Person who has been some time next to myself at the board and who ought to have shown a good example to others I have ever since my accession to this Chair been affronted abus'd & insulted and Maltreated by him, I mean M^{r}. Nathaniel Elwick, You must all be sensible wth. what arrogance he has behav'd himself at this board to myself in particular and of my long forbearance to resent it w^{ch}. has made him more and more Insolent till at length he is become insufferable and this I shall now make appear.

In Consultation the 19th. Ultimo I thought myself oblig'd in Justice to my Hon^{ble}. Masters to represent to you his negligence and remissness in the Warehouse that they might thereby have an opportunity of seeing how little he had deserv'd the very great favours they had conferred on him and how much they were mistaken in the Qualificat^{s}. of the man M^{r}. Elwick being enrag'd at it did by way of revenge against me for that representation immediately tell the board that it would draw strainge storys on the stage and that the Consequence must take its Course. You may remember Gentlemen I return'd no answer to that menace but order'd what he had said to be minuted *verbatim* at his desire. It is now three Weeks since that Consultation was held sev^{ll}. others have been held in the *Interim* and M^{r}. Elwick has not once offer'd to explain himself on that Occasion so that the reflection remains upon my character without any satisfaction being made me for the reproach.

In the Paper of Desent w^{ch}. M^{r}. Elwick del^{d}. in agst. Mess^{rs}. Draper & Wright enterd after the Consultat^{n}. of the 14th. ultimo he has taken a very unbecoming Liberty wth. my Character He tells the board therein very plainly that I speak what I do not think and that when I am sure of the Point I put things to the Vote. These Reflections I have hitherto pass'd by In hopes he would soon have been Sensible of his Errors But I am now sorry to find those hopes turn'd into dispair.

——*FORT ST. GEORGE, AUGUST 1720*——

Upon the Dismission of Mr. George Torriano from the Honble. Companys service the last Consultatn. (in pursuance of a possitive order that none such should be continued) Mr. Elwick being much enrag'd (for no other apparent reason than that of Mr. Torriano's being a Servt. to him in a private Capacity) Sawcily ask'd me as I was risn. from Consultation when I would proceed in the affair of the Chittys who had been very ill us'd, repeating their ill usage to me twice or thrice after the Consultation was broke up He also urg'd before I could reply that they had been unjustly confin'd a long time and deny'd the necessarys of Life, He was no sooner gone but I sent for the Choultry Dubash who has the Principal care of those Prisons where the Chittys are confin'd and ask'd him in the Presence of Messrs. Draper & Wright concerning their treatment, He replyd that they wanted for no manner of Sustenance and that they were at that time in as good health as ever they had been, The Choultry Dubash and others who have the care of that Prison will no doubt declare the same before this board and as for their Imprisonment It is by order of this board for Criminal Correspondencys agreed & sign'd to by Mr. Elwick himself and therefore his Scandalous, False & Mallicious Aspersion is not only an Obloquy thrown upon myself Bnt upon all the Members of this board since they all Consented and sign'd to their Imprisonment for the reason before Given.

Thus Gentlemen I have laid before you the particulars of Mr. Elwicks Insolent Behaviour towards myself as well as towards the several Members of this board. I shall now proceed to represent to you his General behaviour Since my accession to this Government. Most of you must needs be acquainted how Industrious (It is said) he has been in perswading both the English and Native Inhabits. of this place into a Motion that the Company would appoint him to this Government and Displace myself; The consequences of this have been frequent Caballs Irregular Assemblys and Degrees of Conspiracy to bring over the People to affront my Person and the dignity of my Post, being prompted by a Notion that it was their private Interest to dispise myself thô then Governour In hopes my Government would not be of long Continuance, some of you Gentlemen must needs be well acquainted with what I have often told you that what I apprehended from those practices was little less than Mutiny several Corruptions having been endeavour'd where they were most likely to take effect and some were too likely to have succeeded.

Having thus given you an accot. of Mr. Elwicks behaviour I shall now lay before you some parts of the Honble. Companys orders wch. I think will prove the unwarrantableness thereof, In Page 57 of the book of Standing orders now lying before the board you will find this Parrrgh. applicable to the Present subject.

"When any of our Council differ in Opinion from the President let their "objections be made in such a decent manner as is due to the Person whom we have "entrusted wth. the Cheif authority of that place, before whom we will always have "the Ensigns of that authority born."

In the latter Clause of the 109th. Parragh. of the Honble. Court of Directors Letter by the Duke of Cambridge lately receiv'd they are pleas'd to enjoyn all the members of this board to behave themselves in a modest and respectfull manner & whether Mr. Elwick has behav'd himself to me in such a manner and Whether a behaviour contrary to what is before Order'd by our Honble. Masters is not breach of their Orders I desire you to declare.

As for Mr. Elwicks Refractory, disorderly, wayward, factious, seditious, turbulent and arrogant behaviour You'l find the Companys sentiments on such occasions interspers'd among their several Letters.

GENTLEMEN

I have now laid before you an accot. of Mr. Elwicks Ill behaviour I have given you a specimen of the Honble. Companys Orders in relation to such a behaviour and make a reference to you for your Opinions thereupon, I shall now give you three Instances that Mr. Elwick is no more fit for the Station he has born and that wch. he now bears on accot. of his Quallifications than he is on accot. of his demeanour.

——*FORT ST. GEORGE, AUGUST 1720*——

In January last before Mr. Collets depart. Mr. Elwick in order to magnify his Performances in ye. Warehouse assur'd him that there were 1200 Bales on hand wch. would be sufficient to fill up the Dawson on her arrival here without sending her to Fort St. David and thus the Compa. were advis'd in the 5th. Parragh. of our Letter to them by the Ks. William in January last when Mr. Collet was departed and the Dawsone arrivd I began to examine into the Number of bales that were ready to put on board her and I found Mr. Elwick had been Guilty of a strange misrepresentation The number of Bales fell so very far short of what he had assur'd the board there were on hand that we were oblig'd to send the ship to fill up at Fort St. David wch. Occasiond a very great Loss of time and much endanger'd her passa. It being so late as the 22d. of February last before she saild from thence for England.

In Consultation the 19th. ultimo (You know) I represented to you Mr. Elwicks remissness in the Warehouse in not having sorted any Cloth since the Dawsons departure thô out of a perverse Obstinate temper when the Chitty Merchants were under confinement he demanded their releasement in order (as he said) to go and sort some Cloth, One of the Members of this board did in that very Consulta. declare that Colloway Chittee was under Confinement at the time of his being One of the Honble. Companys Merchts. and that nevertheless the Cloth was duly brôt. in & sorted wch. is sufficient to prove that there is no necessity for the Merchants being present during the time of sorting and Consequently proves that Mr. Elwicks excuse for not sorting on accot. of the Merchants confinement is only a weak & groundless pretence for Idleness wch. is sufficient to convince you of his remissness in the Warehouse business.

I shall next endeavour to convince you of his Negligence in his place of Accomptant, The Gomasters of the Rt. Hand Merchants at Fort St. David have pressd me from time to time for payment of the Balla. of their account for the month of May last amounting to several thousand Pagodas, that Accot. was deliver'd to Mr. Elwick the Accomptant the next Consultation after it was recd. in order to be examind and the reason of Its not being yet paid arises from Mr. Elwicks not having reported that Accot. to be right and this may give the Merchants a handle to accuse us of not being Punctual in our Payments wch. may possibly prove a discredit to the Honble. Company and Consequently a very great prejudice to their affairs.

In Mr. Drapers report to this Board herewth. deliver'd you, You will find he observ'd in the time of his Secretaryship that Mr. Elwick had Omitted to lay before you the Purport of what he himself has now represented to you and deferr'd acquainting you therewth. for some time, But beleiving it to no purpose to wait any longer he thought it better to Interpose in an affair wch. did not properly fall within his own employment than to sit still and see the Honble. Compa. suffer by not having their Debts duely Collected in.

I shall now comprize the whole of what I have said in a very few words and then referr the matter to your Consideration, I think in my Conscience that Mr. Elwick is not fit to remain at this board on accot. of his Insolent behavr. at it, and also on accot. of his Incapacity and Negligence, and therefore I now declare to you all that I am fully resolv'd not to sit any Longer as President, If he is Continued a Member of it, To wch. Declaration I have set my hand in Fort St. George this 8th. day of August 1720.

The Dispute between Mess^{rs}. Pyke what more he had to say against M^{r}. Ballet upon w^{ch}. he gave in several long and tedious Papers full of bitter and Malicious Invectives, and brought in George Witty, Elias Cartwright and James Chatelier to prove what he had before alledg'd against him, Upon summ^{g}. up the whole, We find the Evidences only affirm that they heard so and so but that they could prove nothing from their own knowledge, so that all M^{r}. Pyke has deliv^{d}. in appears to the board to be thrô Picque and Prejudice to M^{r}. Ballet who has always shown himself to be a person well affected to the Company perticularly by his advanc^{g}. Expt. Warehouskr. delivers in an accot. of goods brot. in upon the Contract.

Mr. Thomas Cooke being just enterd upon his employment of Warehousekeeper delivers in an accot. of the Goods that have been brot. in upon the Contract made in Febry. last, upon examining the same It appears that there are 990 bales unsorted wch. is a further proof of what the President alledg'd against the late Warehousekeepr. Mr. Elwick the Last Consultation, The Board thereupon began to Consider how great a prejudice that neglect had been to the Merchts. as the greatest part of those goods had lain a long time in the Warehouse without being sorted wch. prevented the Merchants from receiving the mony due to them and might very reasonably give them a handle to Complain of our delays in payment which might be of no small Prejudice at this Critical Juncture when the French & Interlopers are so busie not far from us.

The opinion of the Board ask'd whether Mr. Elwick by his negligence in the Warehouse had not forfeited his Covenants, it was AGREED in the affirmative that he had.

The Opinion of the board being ask'd If Mr. Elwick by his Negligence in the Warehouse before mention'd had not broke the Covenants usually sign'd by all the Honble. Companys Covenanted Servants, It was unanimously AGREED in the affirmative.

The Presidt. repts. that pursuant [to ye] agreemt. in last Cons. he had discours'd the Chitty Cast.

The President acquaints the board that in Pursuance of the Agreement made last Consultation he has discours'd the Chitty Merchts. about signing the Paper of Security which has been so long Insisted upon and that they reply'd they would consent in case the heads of their Cast could be prevaild upon to sign it first.

The Chitty Merchts. call'd in who declared the same to the board.

The Chitty Merchants being thereupon call'd in declar'd the same to the Board on Which it was AGREED they should be releas'd from Imprison[ment.]

That the Warehousekeepr. lade the Treasure & Wares on the Ships bound for the Bay and that Mr. Harris take his passge. for Vizagapatm.

The Gallery belong^s. to the Choultry Lodging being so much decay'd that If not thoroughly repaird the top thereof upon the rains coming in will be liable to fall down and may thereby be prejudicial to any persons walking that way The Palmeiras and Rippers are rotten that the head Bricklayers and Carpenters acquaint me it will be in vain to repair it and assure me its most for the Comp^as advantage to rebuild the Gallery the Cost whereof they calculate at about Sixty Pagodas.

The Accomptant also acquaints me of his great want of Presses to keep in and preserve the Hon^ble. Comp^as. Books w^ch. for want of are greatly damag'd by Vermin and If not speedy care taken of them may be utterly spoil'd, Since large Presses are said to be necessary and may amount to about Seventy Pagodas.

I thought it my Duty to acquaint Yo^r. Hono^r. &c^a. of the foregoing articles and request your orders about them.

Hon^ble. S^r. &c^a.

In obedience to your Commands I have endeavour'd to inform myself of the Quantity of Silver imported at Pondicherry this year and I have Consid^d. what Influence it might have on the Price of Silver here.

The first French ship that arriv'd at Pondicherry this year brôt 2000,000 Livres w^ch. makes at 13 Liv^rs. ℔ 20. sh. 153846 £s. Sterling—and according to the Pon^y. acco^t. it makes ... ... Doll^rs. 600,000

of w^ch. they have sent to Bengall ... ... doll. 200,000

So there remains of that treasure ... . doll^rs. 400,000

The second ship brôt 5000000 from France w^ch. is valued at Pondicherry at no more than 3,500,000 and according to the acco^t. of the first ships treasure Doll^rs. 1,050,000

of w^ch. they sent to Bengall ... ... Doll^rs. 68000

982000

So that the Whole Quantity of treasure for the use of Pondicherry is Viz^t.

℔ first ship ... ... Doll 400000
℔ Second 982000

in all 1382000 doll. w^ch. makes near 900 P[ags.] [. . .].

I have not been justly inform'd of what Sum they have or will disburse tow^ds. Payment of their debts, but its said they have already paid their Merchants on acco^t.

—*FORT ST. GEORGE, AUGUST 1720*—

of trade 40,000 Pagodas w^ch^. payment they have made in silver at 7 pagodas ℔ Seer w^ch^. is at the rate of $14\frac{1}{2}$ Mad. Dollars weight for 10 pagodas and it is Computed they may pay their Merchants 20,000 pagodas ℔ month which will be a sufficient supply for the Country demand of Silver.

The French at Pondicherry expect three more Europe ships this year, thô the Quantity of Treas~ they may bring is uncertain but as I have been inform'd it is propos'd to keep a stock at Pondicherry of 15,000,000 Livres.

In consideration of the great supplys of silver the French have rec^d^. at Pondicherry I am of Opinion that the Price of Silver wont be more than 15 dollars thô their Merchants have been paid in silver at 7^{pa} ℔ Seer when the Market price at Arcot was $14\frac{13}{16}$ ℔ 10 pagodas so that besides the risque and Charge of Carriage they must lose $2\frac{3}{16}$ ℔ Cent.

The Present rate of silver is 15 doll^rs^. ℔ 10 Pagodas, but not for ready mony.

If your Hon^r^. &c^a^. think fit to sell the Comp^as^. Treasure out of the Godowns as the buyers want it I am of Opinion that $15\frac{1}{4}$ Dollars ready mony will be the Medium Price.

All w^ch^. I submit to your better Judgem^ts^. & am w^th^. great Respect.

HON^{BLE}. S^{R}. &C^{A}.

The false and scandalous reports thrown upon me by M^{r}. Thomas Frederick in his charge given in agst. me to Hon^{ble}. Company in England relating to the Chinam affair w^{ch}. has been too much Creditted by persons disaffected to me obliges me to trouble Your Hon^{r}. &c^{a}. with a few lines in my own Vindication.

First I shall freely confess that I have at sev^{ll}. times receiv'd small Presents from the Country People who provide Chinam in considerat^{n}. of advancing them mony the risque of w^{ch}. was altogether upon my own acco^{t}. The whole of what I receiv'd during the two years of my being Paymaster being but inconsiderable to the 10 ℔C^{t}. M^{r}. Frederick charges me wth. The particulars of w^{ch}. If occasion requires I am ready to attest upon oath, This I could not think wronging the

—FORT ST. GEORGE, AUGUST 1720—

Company nor any ways unreasonable for the hazard I run of my mony w^th^. people whom the Company never would allow to be trusted w^th^. theirs and was well assur'd from the Persons under me that a Tasharif Present had been Customary to my Predecessors on the like occasions Amongst w^ch^. M^r^. Frederick was one who rec^d^. the same more or less as your Hon^r^. &c^a^. may be satisfy'd If you'l please to examine the Conicoplys and servants that were under him When Paymaster.

Notwithstanding these accusations against me and thereupon the strictest methods and Rules laid down by the Gov^r^. and Council to my successors Pray let it be observ'd that they have not been better nor cheaper serv'd since and I dare presume to say they never will.

As to the Chinam and the Damage the Comp^a^. imagine they have sustain'd thereby I referr your Hon^r^. &c^a^. to M^r^. Ways report of the inner Fort buildings herew^th^. deliverd you w^ch^. will plainly make appear that I am wrongfully charg'd and that the Company have been gainers by the damages made good to 'em by the Conicoply and Dubash who paid into their Cash on that acco^t^. Pag^s^. 875 whereas the difference was at first Computed to be but 625 out of w^ch^. I think some allow^a^. might have been made for its waste in Quantity and Quality for the time it had been laid in store for w^ch^. a paymaster can be noways answerable.

Before I conclude I must take the Liberty to object against M^r^. Fredericks evidence the Conicoply Condapah who he affirms to have spoke English perfectly well w^ch^. I am sure all that are at this board who can remember him must know it to be false, He was a vile rouge and well deserv'd the just Punishm^t^. Inflicted on himself w^t^. did really only save the hangman the labour, Whatever fraud has been committed in this article of Chinam, he must have been the Person guilty of it, for t'was him that paid all the poor people for the Chinam brôt into the Town (except what I advanced myself to the Country People) his aim and design was to be made Cheif Conicoply under the Paymaster On w^ch^. acco^t^. I was offer'd before I was out of the employ not less than Pagodas 400, but knowing how great a rogue he was I scorn'd to accept it, seing he had faild in his project and know^s^. there had been some differences between me and M^r^. Frederick in all probability he asserted these falsitys to him think^s^. by that means to ingratiate himself into his favour thereby to gain his ends of being made Cheif Conicoply. This is all I have to offer relating to the Chinam and am altogether Ignorant of any abuses therein by the Conicoply Durmiah or my Dubash Juggana who have already sufficiently paid for what damage the Company have sustaind thereby.

That I may not trouble your Hon^r^. with a separate Paper I shall herein desire you will please to referr to the Hon^ble^. Companys consideration the 100 pa. they are please to order me to refund for provisions 1^d^. in by the Steward for my passage to the West Coast and hope they will consider that the Provisions were not laid in for me alone, Besides myself there was M^r^. Hubbard second of Council two soldiers & both our serv^ts^. that tooke their pass^a^. on the same Brigantine for whom the provisions were design'd as well as myself, what Liquors were left was carr^d^. ashoare and expended at their table w^ch^. was y^e^. greatest part of what we had to drink some months after our arrival, and as I beleive the Comp^a^. will have no reason to find fault w^th^. my management before our misfortunes, I hope they will please to order the payment of 100 pounds due to me for Gratuity sallary for one years service as Supravizor and Dep^ty^. Gov^r^. of the West Coast besides some allowances I did expect they would have made me monthly for my Private table after the Generall table was laid aside, w^ch^. put me to the Charge of upwards of 300 ₱ Doll mens. I shall be oblig'd to your Hon^r^. &c^a^. If you'l please to incert this in your Generall Letter to them by the Godfrey & am.

To the Hon^ble. Fra^s. Hastings Esq^r.

Hon^ble. S^r. &c^a.

In Justification of M^r. Thomas Cooke late Paym^r. in answ^r. to y^e. Charge given against him by M^r. Thomas Frederick to the Hon^ble. Company in England in respect to the Chinam provided by him when Paymaster I presume to lay before Your Hon^r. &c^a. The State of the Inward Fort Buildings to w^ch. use the greater part of it was apply'd and do affirm that the Buildings are strong and Durable as any that have been built in or about this City for many years past they have not leak'd in any part since they have been finish'd nor am I apprehensive they will in any ways suffer from the badness of the Chinam which at first there was some reason to suspect, But it is to be Consider'd the buildings were then unfinish'd without any Coat of Chinam over the Tarrass and in such parts where it was most complain'd of. The tarrass was not half laid when a hard shower or two of rain would easily penetrate Notwithstand^g. w^ch. that part of the building when finish'd might (as think it has) prove as good or better than the rest.

As to that Quantity of Chinam that was brôt in after and condemn'd it prov'd to be serviceable to the Company in building the Cloth Godowns where we cannot use Clay & sand for our Mortar for fear of the White Ants and think it has been to the Companys advantage by the damage made good to them. To the Hon^ble. Fra^s. Hastings Esq^r.
Presid^t. & Gov^r. &c^a. Council of Fort S^t. George.

Fort S^t. George
Aug^st. 29^th. 1720.

Hon^ble. S^r. &c^a.

I have perus'd M^r. Morris's papers deliv^d. in the last Consultation and all I have to ans^r. thereto is

That his being charg'd w^th. the turf Fortificat. at Bantall was conformable to a possitive order Rec^d. from this board in their Letter to Fort Marlbrô dated the 21st Oct^r. 1718 and that he pleads of his being clear'd from that Charge by the Marlbrô. Generall Letter seem's to be but very little in his fav^r. w^ch. is only M^r. Farmer and his Councils approbation of the work it being of the same nature w^th. what they had enter'd upon at Marlbrô the cost of w^ch. in the same Letter from hence is order'd to be charg'd to their acco^t. w^ch. was accordingly done but it is to be observ'd that M^r. Morris had enter'd upon This Work on his own head without any orders, sometime before he had rec^d. this approbation as he himself acknowledges in his Letter of the 16^th. February but they are hard at work in casting up a breastwork w^ch. they hope to accomplish in a short time. These are the very words of his Letter.

The Chest of Cloth that he says was taken from him must be burnt in the Companys Warehouse I do rememb^r. a small Chest q^tr. a few peices of fine Cloth brôt to Outcry to be sold but not being perishable goods they were ord^d. back to be Lodg'd in y^e. Comp^as. Warehouse y^e. particul^r. acco^t. of w^ch. was und^r. M^r. Kingstons Charge but w^t. is become of it I know not.

As to the affair of provid^s. materials for the Comp^as. Buildings, On my 1^st. arriv^l. y^e. Materials was brôt in by Ja^s. Rawlins through whose neglect the Companys buildings had been at a stand and finding we had the Opportunity of provid^s. materials about 25 ℔ Cent Cheaper than formerly and upon better security we enter'd upon a New Contract w^th. M^r. White for provid^s. the same after w^ch. we had nothing to do w^th. Rawlins nor did I know any thing of M^r. Morris's being concern'd w^th. him.

M^r. Ellil's debt to M^r. Morris I never heard of but if he was concern'd w^th. Rawlins (as he pretends) in the material business I beleive it may be made appear y^t. M^r. Morris is rather indebted to M^r. Ellil but since Rawlins is dead it will be a hard matter to determine I have not further to say but that

I am Hon^ble. S^r. &c^a.

Last Gongaram &ca. Merchts. being dismis[sd] every member of the board took occasion to acqt. the President that he thought he had surmounted a very great difficulty in bringg. in a new sett of Merchants to conclude upon a contract for such a quantity of goods at a time when the other sett of Merchts. had absolutely refus'd to comply and yt. it would be esteem'd a very acceptable pe. of service to Our Honble. TO THE HONBLE. FRAS. HASTINGS ESQR.
PRESIDT. & GOVR. &CA. COUNCIL OF FORT ST. GEORGE.

HONBLE. SR. &CA.

According to your order We have strictly examind What Witnesses are to be found And the arbitrators of the five bonds dependg. between Narrain & Bundee Rangapa wch. is as follows Vizt.

The Defendt. acknowledges the bond for one hundred Pagodas to be right Wherefore that requires no further proof.

——*FORT ST. GEORGE, NOVEMBER 1720*——

Cottapa one of the Wittnesses to the bond for twenty Pag^{s}. affirms it to be a true bond to w^{ch}. he is ready to make Oath if requird, the other Wittnesses Ostagerry is said to be at Pegue.

Nallum Jaggu and Taggapa Mudlare Wittnesses to the bond for ten pagodas do affirm it to be a true bond to w^{ch}. they are ready to make Oath If requir'd.

But the Wittnesses to the bond for thirty Pag^{s}. are either dead or absent This bond is signd Anah Subiah Whereas the other three are sign'd only Subiah Which difference we are inform'd is the name both of the Cast and Family to one, and to the other only the name of the Family We have nearly compar'd the signing of this bond wth. the sign^{s}. [of] the rest and in our opinion the Characters do much differ in Form but this we only offer as an observation of our own not that we pretend to understand the Langua[ge] sev^{ll}. of the Arbitrators do also allow that there is a difference in the Writing but they impute it to its being wrote wth. a Diff^{t}. Pen.

The other bond for pag^{s}. nine and three quarters is not to be found Whether it be conceald designedly or not by any of the partys Concern'd we know not but several of the Arbitrators Namely Ponnagette Narso, Arreapa and Surah Vinketash who acknowledge to have Seen it do allow it to be invalid and that it was not allow'd to be in Force by the rest of the Arbitrators.

Upon putting several Interrogatorys to the Arbitrators who gave in their award that the said bonds were signd by Subia son of Opolapo We find them very much disagree in their opinions and believe they made little or no inquiry into the Affair.

The persons who sign'd to the award were twelve who ans^{r}. as follows Viz^{t}.

Nairo Verapa, He being an Alderman & not Qualify'd for an Arbitrator no Question was put to him.

Moortee Venkety Chittee, Madogenaick and Vinketyputty say they were unacquainted wth. the aff^{r}. and sign'd because the rest did and told them they were true bonds.

Ponnagette Narso, Arreapa & Surah Vinketah say that four of them are true bonds and that the bond for 35 Pag^{s}. they believe to be wrote wth. a different Pen but the bond for $9\frac{3}{4}$ was invalid to this their Opinion they are ready to make oath if required.

Grua Rauz, Ramalingum, Atchana, Poncala Gurapa, Affirm that in their consciences they believe the bonds to be all true and Just and that they are willing to give their oaths to the award if requird.

Thus we had laid the whole examinat^{n}. before Yo^{r}. Hon^{r}. &c^{a}. and give it as our opinion that the two bonds One for Pagodas thirty five and one for pagodas Nine and three quarters wth. the Interest thereon ought not to be allow'd the rest we believe to be due but the determination we leave to Yo^{r}. M^r^. Joshua Draper pursuant to order of Consultat^n^. the 17^th^. ult^o^. delivers in a remonst^ce^. in relation to the affair depending between Major John Roach and the trustees of the Estate of Cap^t^. Godwin dec^d^. w^ch^. being read is very maturely consider'd. M^r^. Joshua Draper delivers in a remonst^e^. of y^e^. dispute between Major Roach & y^e^. trustees to Cap^t^. Godwin dec^d^.

It was AGREED after some debate y^t^. the Major should be permitted to take his Oath to the particulars mention'd in the 3^d^. parrag^h^. of M^r^. Drapers remonstrance after Mess^rs^. Benyon the Mayor and M^r^. Turner as one of the Aldermen were withdrawn M^r^. Emmerson only desented as being convinc'd as he says that the Major was fully satisfy'd w^th^. Cap^t^. Godwin's conduct in leaving the goods in Mandetts hands. The Mayors Oath being accepted by all the Members of the board excepting M^r^. Emmerson he was call'd in and swore accordingly & then dismiss'd. The Major permitted to take his Oath. M^r^. Emmerson desent beleivg. y^t^. Maj^r^. Roach was fully satisfy'd. Major Roach's Oath Accepted.

&

It was then put to the vote whither the Majors Oath (as it had been accepted) should be esteem'd of sufficient vallidity to make Cap^t^. Godwins Estate answerable for his demand thereon and it was carried in the affirmative M^r^. Emmerson only dessenting for the reason beforemention'd. then put to the vote whethr. [it] was of validity, carr^d^. in y^e^. affirmative.

ORDER'D therefore that Major John Roach be paid the sum of 220 pag^s^. being the principal only of y^e^. sum late in dispute by Cap^t^. Godwins Trustees & that the Sec^y^. do give him Copys of this our order & all the other paper relat^g^. to this affair. Ord^d^. that Maj^r^. Roach be paid the sum of 220 Pag^s^.

The Accomptant acquaints the board that the books being already clos'd he can not rectify the mistake of the rupees as orderd in Consultation of the 17^th^. Ult^o^. but that it shall be done in the next book. Accompt^t^. acq^ts^. y^e^. board he can't now rectify y^e^. Mistake of the Rupees.

Sunca Rama &c^a^. Merchants attending accord^g^. to ord^r^. in last Consultat^n^., A List of goods to be provided was given 'em to w^ch^. they consented and accordingly signd a Contract (as enterd after this Consultation) for 2000 bales two thirds of w^ch^. to be brôt in Sep^r^. next and the rem^dr^. by the latter end of January. A List of Goods for a New Cont. del. to Sunca Rama the same agreed on.

The President thereupon took occasion to acquaint the board of an affair w^ch^. he thought not prop^r^. to make publick till the Contract w^th^. the R^t^. Hand sett of Merchants was concluded The matter in brief is this. The Presid^t^. thereupon acq^d^. the board of a Combinat^n^. by the Merch^ts^.

——FORT ST. GEORGE, DECEMBER 1720——

That upon the absolute refusal of both the setts of Merchants to enter into an additional Contract w^th^.out delay w^ch^. they declar'd in Council some days since He made a private examination into the matter in order to see if he could discover the reasons At Length he found that they had made an agreement between themselves to stand off and refuse to comply when we offer'd to Contract w^th^. them under pretence that they could not be able to undertake them since the French and Ostenders made such large demands and this was done in hopes to oblige us to advance the prizes The President adds that finding them guilty of such Clandestine management He did (thô with very great difficulty) perswade Gongram &c^a^. to enter into the Contract lately made w^th^. them w^ch^. so confounded the other setts of Merchants that they then immediately came and sollicitted him to let them Contract forthwith. The President further adds that he did not think it proper to reject that proposal at this Critical Juncture for reasons obvious enough thô they very well deserv'd it and If he had not luckily circumvented their designs they would certainly have prevented the dispatch of our shipping the next season. The Board having heard this relation could not but highly commend the Presidents Conduct in that important affair.

TO THE HON^BLE^. FRANCIS HASTINGS ESQ^R^.
PRESIDENT & GOV^R^. OF FORT S^T^. GEORGE &C^A^. COUNCILL.

HON^BLE^. S^R^. &C^A^.

In compliance w^th^. your order of last Consultation I have made a strict inquiry into the affair depending between Major John Roach and the trustees to the Estate of Cap^t^. Freak Godwin dec^d^. w^ch^. I now lay before Your Hon^r^. &c^a^. in the following remonstrance.

About the month of May in the year 1715 Major Roach deliver'd to Cap^t^. Freak Godwin a parcel of Rubies and Emeralds to the amount of 220 pagodas consign'd to said Cap^t^. Godwin and M^r^. Elisha Ellil at Bencoolen w^th^. orders in case they could not be dispos'd of within the time that he the s^d^. Cap^t^. Godwin should continue there they should be deposited in the hands of M^r^. Collet then Dep^ty^. Gov^r^. there to be sold by him and M^r^. Elisha Ellil as opportunity should offer, But Contrary to those orders Cap^t^. Godwin carry'd the said Rubies and Emeralds to Batavia and left them in the hands of M^r^. Peter Mandet a Dutch Merchant of that place, but upon whose risque or for whose acco^t^. the said Mandet was to dispose of those goods the note from under his hand doth not Express.

On the 27^th^. day of August 1716 Cap^t^. Godwin arriv'd here from the West Coast and Batavia and being at the Majors one day he drew out of his pocket the afores^d^. Peter Mandets rec^t^. for the Rubies and Emeralds left in his hands the Major thereupon expostulated with him and ask'd him why he carry'd his goods with him to Batavia contrary to express order and left them in the hands of a person altogether unknown to him Cap^t^. Godwin reply'd that he had intrusted M^r^. Mandet w^th^. a very considerable value of his own and that he was a very responsible man Whereupon the Major told him that he had not so much as heard of his name before, and that he himself was the person from whom he expected his Goods Cap^t^. Godwin at that time walk^g^. to and fro in the Majors Room immediately stop'd and tak^g^. him by the hand promis'd him (as being an old acquaintance and unwilling to enter into disputes of Law or the Like) that as Gov^r^. Collet would in a short time send him back to Batavia he would certainly bring the Goods or their amount in Sugar freight and Commission free, The Major being satisfy'd w^th^. that assurance took a Copy of the aforesaid Peter Mandet's note w^th^. a design only (to prove his Claim on Cap^t^. Godwins Estate in case of an accident and to the truth of this relation The Major offers to take his Oath.

About the month of August 1716 Cap^t^. Godwin went for Bengall (w^th^. an intent as he and every body else thought to enter upon his West Coast Voy^a^.) and from there he wrote the Major a Letter wherein he made a repetition of the afores^d^. promise (as the Major himself affirm[s] But that Letter is by accident mislaid or lost However Contrary to every ones expectation Cap^t^. Godwins Voyage was alter'd and he was sent from thence to Surat as Command^r^. of the Sampson and arr^d^. here the 12^th^. June 1717 he then went down to the Bay in ship Falconbridge & from thence proceeded to the West Coast the beginning of January $17\frac{17}{18}$ and that Cap^t^. Godwin might not forget his promise the Major wrote him a Letter directed to him at the West Coast in order for to meet him there w^ch^. Letter is dated Sep^r^. 27^th^. 1717 and this may serve to strengthen and Confirm the Major's assertion that such a promise was actually made him the very express words of that Promise being incerted in that Letter.

——*FORT ST. GEORGE, DECEMBER 1720*——

On the 23d. January 17$\frac{18}{19}$ Capt. Godwin return'd hither from the West Coast but the Major was then absent having taken his passa. for Bengall on the Ship Harrison the 8th. October 1718 and thô the Copy of the said Peter Mandets note was left in his Wifes hands, she knew not how to make the demand as being ignorant of the particulars of that affair and Capt. Godwin had scarce time enuff after his arrival to settle any accot. havg. brôt ashoare wth. him a very dangerous distemper under wch. he Labour'd for about three weeks & then died.

Thus I've laid before Your Honr. &ca. the most particular accot. that I could learn concerng. this affair Hereby it appears that after Capt. Godwin had found himself Guilty of breach of orders in carryg. the Majors goods with him to Batavia and Leaving them there in the hands of a person altogether unkown to the Major without a warrant for so doing) made him that actual promise as before related by way of Compensation for the damage he was like to sustain by havg. employ'd his mony where there was little or no hopes of havg. any tollerable return, But it may be objected that the Majors Word (who is the plaintiff) is not to be taken in this case, But this is answerd by the Majors having declar'd his readiness to take his Oath to the truth of the particulars before Recited, And he do's presume to hope that in reason and Equity Your Honr. &ca. will not reject that offer It has been urg'd in behalf of the defendt. that when the Major found Capt. Godwin guilty of breach of orders he should have protested against him in due time and Form and that such an omission in point of Law was a plain indicatn. that the Major was well satisfy'd wth. what Capt. Godwin had acted in that affair and that he took the whole risque upon himself But that being only a Certain point of severity us'd amongst Merchants from one to another, As supposing all to be equally acquainted wth. Mercantile forms and Customs It is presum'd that the Major who is a Soldier by Profession (not a Merchant) may very well be excus'd for being Guilty of an Omission (so term'd) in a matter not at all suppos'd to be wth. in his province especially when he could not have done it in point of honour and Friendship.

With submission to your Honr. &cas. better Judgemt. it is thought the affair will turn upon these two points Whither the Majors Oath shall be accepted in relation to Capt. Godwins promise and Whether after his oath is accepted that promise shall be thought Obligatory enough to make Capt. Godwins Estate become accountable for his non Compliance therewth. But of these Yor. Honr. &ca. are the properest Judges and therefore I forbear to offer my opinion therein submitting the Whole to your determinatn. and remaing. wth. all possible Respect.

To the HONBLE. FRANCIS HASTINGS ESQR.
PRESIDT. & GOVR. OF FORT ST. GEORGE &CA. COUNCIL.

According to your pleasures signified to me in Council to acquaint you in writing wth. my reasons for leaving the Companys Settlement in Mocha and coming here I shall here do it as concisely as possible and wth. a strict regard to truth, thô by the Way Gentlemen it seemes a little strainge that I should be oblig'd to Justify myself in a place yt. has no relatn. to that from whence I came & wth.out any thing being alledg'd against me.

On the 23d. of Aprill last arriv'd the Victoria Grabb at Mocha from Bombay having on board Mr. Cromelin to whom I had orders to deliver up the Charge of the Honble. Companys Factory Mr. Cromelin had also orders to treat me wth. respect and give me all the assistance in my affairs he was capable of either in return to Bombay or any other part I had a mind to transport myself.

After having sign'd the Books paid the Ballance and taken an Inventory of the Stores wch. was mutually sign'd by us both Upon ye. delivering up my charge to Mr. Cromelin I told him that having neither occasion or inclinatn. to serve ye. Company any Longer I had determin'd to lay it down & return to England wch. he & the rest of the Compas. servants having agreed to they paid me my sallary to that time, and I left the Factory.

As to my coming here it was partly my Interest and partly Curiosity to see the place but had I had the least thought I should have met wth. the treatment I have done I would gladly have relinquish'd any advantage how great so ever and suspended my Curiosity till a more Favourable Occasion.

This is what I have thought fit to offer to your Honr. &ca. that I may have a determinate Answer to the Petition before deliver'd you that as the time of the ships departure draws nigh I may regulate my affairs accordingly I am wth. respect

FORT ST. GEORGE
